- RADIO HCJB
- The Voice of the Andes
- on the air December 24, 1931
- with 250 watts
- today over 1.000.000 watts
- on SW, MW and FM stereo
- in 14 languages
- with the Gospel about
- Jesus Christ, the Lord

(Top) HCJB has always used Ecuadorian music as a key to sharing Ecuador's Culture; here a group of musicians prepare to do a program in the 1930s.

(Bottom) HCJB's transmitter/antenna site is located in the town of Pifo some 20 kilometers to the East of Quito.

 **John 3:16**

I live in Quito, the capital, population 1'800,000. The elevation is 9.300 feet (2.835m). The climate is always mild in Quito. The photo is an Otavalo Indian woman and child. There are 13 different indigenous groups in Ecuador. The country has mountains, jungles, coastlands, and the Galapagos Islands. There are modern cities to very poor villages. I'm from Modesto, California KC6SMW. I work at HC7B, a shortwave radio station.
