¡Buenos dias radioaficionados! Technically, autumn has arrived, but you really can't tell here in south FL, where the weather is still quite balmy. DX has run hot and cold, but we always hope it'll improve. Let's dive into the nx...

- 4254.5 PERU R El Sol de los Andes, Santa Cruz, 0200-0320 fair, best in LSB
To avoid CW. Huaynos & ballads, several clear ID & t/cks (Krueger 9/17)
- 4774.9 PERU R Tarma, 0333-0353, couple of songs in a row, t/ck by W, ads.
t Possible IDs by gal, but not 100%. Poor to fair (Gündl 8/30)
- 4792 ECUADOR Sistema de Emisoras Atalaya, 0323-0332, full ID by man
"...Sistema de Emisoras Atalaya, transmitiendo para América del Sur".
T/ck "veintidós horas, treinta minutos" (Gründl 8/30)
- 4796.5 BOLIVIA R Nueva América, 0958-1024, inst'l mx all by same artist.
Possible ID at 1020. Next day ID & fqys at 1009 (Wilkner 9/9&10)
- 4805 BRAZIL R Difusora de Amazonas, 0940-0948, ID by M, nx (Wilkner 9/9)
- 4840 VENEZUELA R Valera, 0257-0303* pop song "Love Hurts" by Nazareth.
Final annmnt in SP, closing w/ YV anthem. Valera used to close at
0400, maybe earlier on Sundays? (Gründl 9/2) [Yup! 0400* except Sun.]
- 4889.8 ECUADOR R Centinela del Sur, 0123-0146, lots of ads, songs, sports
cmntry & ID. Deep Purple's "Smoke on the Water" at 0200 recheck. Poor
due to high noise level (Gründl 9/1)
- 4911 ECUADOR Emisoras Gran Colombia, 0224-0240 "Programa deporte" with
reports about football (sorry, it's soccer in the States!), teams from
Argentina & Colombia, talk abt tennis cracks Lendl & McEnroe, ment of
"lotería de Guayaquil", IDs (Gründl 9/9)
- 5022v VENEZUELA R Nacional, 2311-2330 good signal, tho some FMing noted.
Int'l rock hits like "We Are The World", song by Pat Benatar, etc.
Recheck 9/19 at 1104 on 5022.6, then on 9/20 at 2345 on 5020.0, with
same mx pgm, morning & evening! (Reinstein 9/16)
- 5025.7 ECUADOR R Splendit, noted several consecutive morns at 1100 checks,
rf as Rebelde has been signing on very late. HC mx pgm, pop hits, local
guitar mx. Clear IDs & GMT-5 t/cks (Reinstein 9/19)
- 5324.7 PERU R Acobamba, 0215-0234 clear but very weak & distorted audio.
Huaynos, SP M (what else? hi) no chance for ID (Krueger 9/17)
- 5801.7 PERU R Frecuencia San Ignacio, 0143-0155f, pgm of romantic ballads
t w/ M DJ. Tentative ment of "R Frecuencia" & t/ck between records.
QSB by 0155. Het de UTE (Parks 9/14)
- 5950 GUYANA GBC, 0415-0502* reggae, M "It's now 2 o'clock on GBC", into
s/off annmmts by W, mentioning 560, 700 & 5950 only. Orch NA. New
sked or just late this night? (Krueger 9/8)
- 5954 BOLIVIA R Pío Doce, per Reinstein tip, found this one opening 0859
w/ sign-on annmnt, a little background mx, positive ments of Pío XXII
into pgm of mixed mx, many t/cks, occasional IDs. Separable on LSB,
& sig moderately decent, still there 0945. Very little hobby info on
this one that I'm able to find. Where is "Siglo Veinte"? (Berg 9/3)
[The Siglo XX mine is in Bustillos Prov., Potosí Dept. On the map it
appears to be less than 10 miles north of Uncia, the capital of Busti-
llos Prov., & looks to be only a few miles from Catavi, site of Radio
21 de Diciembre. Recent massive strikes by miners have resulted in
Pres. Víctor Paz Estenssoro calling out the army in La Paz. Would be
amazing if a reception rpt got thru to Pío Doce now -SHR].
- 5974.3 UNID 1021-1040, weak LAm stn here, on the low side of Macarena. Maybe
Cochabamba, but too much QRM to ID (Reinstein 9/11)
- 5980 CUBA RHC, 0230, noted at threshold level on this new & announced fqy.
EG service, // much better 6100,6140. Sked annmnt by M&W, into
feature on cancelling foreign debt (Potter 9/12) [Cancelling whose
foreign debt? The Cuban debt to their Soviet masters? -SHR].
- 6012 ANTARCTICA AFAN-McMurdo, 0800-0830 has been surprisingly good a
couple of times lately, w/ C&W mx. Really the first time I've been
able to understand much of what they're saying, & turns out that they
really don't have much more 'personality' than some pirates (Berg)
- 6014.5 BRAZIL thought carrier here a little after 0900 would turn out to be
Paraguay, but ZY pgmning began around 0928. Couldn't tell ID (Berg)

- 6029 CHILE? would like to think it's Santa María, but just a guess. Hrd vy poorly from 2353 when whatever on 6030 s/off. Things deteriorate til AFRTS comes on at 0045 or so. I think there's yet another stn btwn 6029 & 6030, to make things worse. Have made out tlk by M&W at 2353, male-concert type vocal after 0002, but hard to hold long after that. Pretty sure this is not RNASG, tho that may be the one in between. (Berg 9/1-2) [Per Jerry's tip, I've notes something on 6029.4 but too weak for details -SHR].
- 6172 BRAZIL R Guarani seems to have slipped here from 6175, hrd most days after 0800. Due to go to 6050 on 10/5 (Berg) [The changing fqys of all these Brazilians will no doubt elevate list-logging to new and perhaps unprecedented heights! -SHR].
- 6172v PERU R Tawatinsuyo, 0950 noted w/ ballads & campesino mx. Clear "Radio Tawatinsuyo" IDs & t/cks between selections. Lost in splatter at 1000 when RFO came on 6170 (Parks 9/14) [Both Brazil & Perú now on 6172? -SHR].
