As bulletins are now coming out the 15th and 31st the deadlines for the shortwave reports will be the 9th and 23rd. The section for the 31st issue seems to have been delayed or lost in the mails, or sumpin'. Very glad to hear from Jake Field again. What has become of the other West Coast DXers?... Further phone or broadcast lists will be published soon as ye writer finds time to compile same. Going to night school 7:30-10: five nights a week and working the sixth doesn't leave so much spare time, even for D. Keep those reports rolling in to 2308 Roosevelt Avenue, Indianapolis, Indiana. Use air special for last minute flashes... Washington needs you air sleuths.....30.....

America at 10:20 until 11:05 EST. On this shift we are on duty from 6 P.M. until 3:15 A.M. so am pretty tired when finished. I am giving this card to Mr. Mitchell who is kindly enclosing it with other mail for you." KRTK was one of the original cards signed by Clay Bailey and postmarked U.S.S. Bear, January 25, 1940. Vernon "Buck" Boyd and his fellow worker Ole Good stopped off for a visit one evening and all had a grand time chewing the rag.....Glad to hear from you again, Roy.....

ROGER LEGGE, Binghamton, N.Y., received a registered letter in Russian from Khabarovsk mailed last September replying to his letter in Russian reporting reception of RV15. However they only gave their program schedule and neglected to confirm reception. At that time they were operating on 11.750, 11.865, 15.115 and 15.230 mcs. PLS verification received was the 170th Asiatic and the 2000th foreign station. Other veries in from LU2AH, his first report from USAZ CBFW, a very nice new CBC card with map of the world in silver and "Canada Calling" at top in red; CX4CS; XETT; and PRC5.....

JIMMY HART, Irvington, N.J., now has his Howard back after two months overhauling at the manufacturers and hopes to report regularly.....We second the hope, Jimmy.....

The writer finally received a verification from Radio Brazzaville after the 2nd report. They advised my first letter had also been answered but evidently lost enroute. This report sent via airmail was mailed January 31, 1942 and received April 8. Wonder where it was in between flights? A program of native music was transmitted on March 1st at 3.45 GMT at the writer's suggestion that native music would be most welcome but since the letter did not arrive on time we were unable to check on it. FZI is given as the correct call and the power is 7 kw. Quoting: "You may be interested to know that in a few months' time we hope to be using much more powerful transmitters broadcasting on several wave-lengths simultaneously. You should then invariably have excellent reception. Anything you can do to make the Voice of Free France known among your friends and local publications will be much appreciated." Airmail letter from PZX1-PZX3, Paramaribo, Surinam, advises their schedule is 6:40-8:40 EWT, also 5:55-6:25 P.M. Saturdays for the Children's Hour, proceeding then with regular broadcast to 8:40 P.M. Sunday mornings from 9:10-11:40 A.M. News in Dutch is read daily 7:30-7:40 P.M. except Saturdays and Sundays, however a review of weekly news is read Saturday 6:40-6:55 P.M. with comments thereon by member of the National Union "Surinam Vigils, all in Dutch.....

HIGH FREQUENCIES (E.W.T.) - By Earl Roberts

Mcsr	Call	Location
17.770	2R07	Rome, English news and names of some British prisoners of war heard at 9:15 A.M. News in Italian followed at 9:27. (Roberts, Indiana)
15.180	XGOX	Chungking, China, varies from 15.200 to 15.190 and 15.180 mcs. (Hart, NJ)
15.160	JZK	Tokyo, with English program 10-11 P.M. overflowing with propaganda. (Roberts)
15.060	2R021	Rome, news in French at 9:15-9:30 A.M., on the air only this 15 min. (Leboeuf)
13.690	KKZ	Bolinas, Cal., transmits the Bob Hope program by transcription the following day at 10 P.M. for our overseas forces. (Jake Field, Calif.)
11.970	FZI	Brazzaville, Free French Africa, very well heard with English at 11:45 P.M.
11.885	???	Unidentified station heard at 7 A.M., no English announcements as yet. It could be Australian but sounds more like Portuguese. (Jimmy Hart, N.J.)
11.825	JVZ2	Tokyo, still on the air at 2:30 A.M. (Jake Field, Calif.)
11.785	----	Undercover station received 3-3:15 P.M. in Serbo-Croat. (Roger Legge, N.Y.)
11.780	----	Radio Saigon now has its first English news at 7:30 A.M. official ann. (Hart)
	HP5G	Colon, Panama, transmits English news at 11:45-11:50 P.M. (Roberts)
11.770	MTCY	Hsinking, Manchoukuo, English news at 1:30 A.M. different from Tokyo. (Field)
11.650	XGOK	Canton, China, on at 1:15 A.M. in Chinese, very weak, 3-9-42. (Field)
11.595	VRR4	Stoney Hill, Jamaica, heard calling WNC, Hialeah, at 9:05 A.M. (Roberts)
9.840	VIS	Sydney, Australia, heard at 6 A.M. contacting KWKY, Dixon, Calif. for traffic. This station is also used to relay to American networks. (Leboeuf, Mass.)
9.530	JZI	Tokyo, with English news at 5:00 A.M. (Jake Field)

Jake Field, San Diego, Calif., reports a verification from VPD2, 11.890 mcs., Suva, Fijis, received after 11 months.

An airmail letter from the B.B.C. advises that GRE is actually on 15.390 mcs., not 15.375 as listed. GRE will continue to replace GRY on the North American Eastern transmission and GRG in the African transmission. Starting April 19th the Pacific transmission will be broadcast from 0500-0815 GMT, 1-4:15 A.M. EWT. Reception of GRC, 2.915 mcs., was of especial interest to them as they expect to have to use this frequency to North America should the expected fall in ionisation levels take place next winter.....Tuned to the Voice of Free India, 9.395 mcs., Sunday, April 26, they are still on the air at 11:15 P.M. with English news being given starting at 10 and still on, signal R4-5. Later- station signed at 11:30 P.M. signal increasing to R7 possibly indicating the location as Eastern Europe or the Near East. Broadcasts from 7:30-9:30 A.M. Indian Summer Time and mentioned two frequencies, one in the 25 meter band, not clearly received but sounded like 25.52 meters, or about 11.755 mcs. Programs are in six languages..... Report to 2308 Roosevelt Avenue, Indianapolis.....30....

Shortwave reports have dropped to an all time low in spite of all our president's requests for more and more reports. Even though most of us are working overtime on defense we should spare a few hours each week to DX for information which the FCC really needs, AND REPORT THEM, to 2308 Roosevelt Avenue, Indianapolis. How about it fellows?
