Editors Note

Hope all you fellows had a Merry Christmas and that OM Santa was good to all of you and heres wishing you all the most Happest of New Years Ever.

SPECIAL ANNOUNCEMENT

The ISWC is awarding a 10 $\frac{1}{2}$ in globe & several other prizes each and every month from January to July 1941 to those persons getting the most stations, or submitting the most veries during these months for their gigantic SW contest that they are now staging. These veries will also be counted in the final contest standings and may also be registered in the HAC if you are a member. I think we should all award the ISWC a vote of thanks for all they are doing to help stimulate interest in the hobby of SW DX.

NATIONAL RADIO CLUB BCB NEWS cont

JOE BRAUNER Williamsville N.Y. New DX has been nil here, WGOV came in fine on Club special. Xmas am hrd lots of spicks, mostly Cubans but calls were few and far between and no new ones. New veries, KHAS in 4 days, WCBT in 4 days, WSLS in 3 days and WOLF out about 2 months, all letters also one of the nicest cards I've yet seen from KPHO. Tried for KOVO this am might have had them but doubt it, someone back of WEDC between 4-5, could not catch call but did not sound like KOVO and 2 time signals were in EST not Utah time. Walter Ely C.E. of KHAS says that he may be on some Mondays as early as 5:30 in an effort to avoid some of the carrier interference from stations who start warming up on 1200 around 5:50 am. This may help some DXers living near the stations who do that. 12/30 KHAS was on at 5:30 and was Q5R7 with clear channel between 5:35-5:50; WJHL testing around 5:30, not as strong as KHAS. I hear the following on 1200 at 6AM most every weekday, WLVA-WAJR-WJHL-WMFR-WSAM & WSOO (CKTB comes on at 6:30) WSAM is on Sundays also at 6 AM; On 1500 I usually hear these at 6 AM WJBK-WMRC-WOPI-WSLS & WWSW; on 1420 WMBC is usually battling with WNOE at that time, have not paid much attention to the other 3 low power channels mornings. (Thanks for this good dope Joe- Ray)

HOWARD PERKINS Cleveland Ohio DX has been very good here during Dec. I received a Hallicrafters Super Sky rider SX 28 for Xmas. Hope to increase my log a little with it. Logged this month. WTIC-KGDM-WSUN-WPAB-KGA-WRDO KPAB-WAWZ-CBO-WACO-WSIX-WJOB-WAAF-WFMD-WGRC-KCRC these have already verified; These are still out, WBRB-KDNT-WBBZ-KRBC-XEMO-KIUP-KGFF-KTOK-WTEL KWOC-WAYX-WEED-KYA-WDLP-KFIO-WMRN; On Xmas am I logged CMX-CMCY-CMKN-CMCK CMBL-HJAN; Who knows the address of HJAN? on 1190 kc. Who was on 1030 kc Xmas am from 2:45-3:15 am. Veries pretty slow this year. Just put up a 16 ft vertical antenna and it works FB. Happy New Year to all the NRCers

LEO HERZ Chicago Ill Reports were sent to WHAS-KMOX-WFAA-CMCY-CMBL-WRUF-WCAU-KDKA-KSCJ-WADC-KGGF & WICA; Follow ups sent to KSOO-WIP-WEVD-WSOY-WSLI-KFH-WWVA-WTIC & WBRW; Veries in from WQXR-KGGM-KOBH-WHAS-KGNO-KMOX WLW-KCRC; My log stands at 152 reported and 119 veries; VIS 39 VIC 4. I do hope to see many of you at Cleveland, (OK Leo I might be there)

POP EDGE Buffalo N.Y. Have received veries from WSOO-WKPT-WGNY & KCRC since last report, and have reported to WDLP on Club special which gave us plenty of publicity, also to KCRC on same am. None since Dec 18th.

EDITORS NOTE

There are 43 NOLPO's numbers issued in the NRC. This weeks list of reporters consist of Fred Alfred, Leo Herz & Carl Forestieri whom all have been reporting in this column each week. Wonder what has happened to the rest of the SW members of the NRC? Maybe some have dropped SW DXing. I wish they would let me know. Maybe some of the boys dont want me as their SW editor any more. Surely 3 reporters each week cant supply a club with all the DX news. This is your column. Why not do your share to make it a real one.

FLASH FLASH

The R.H.C. "Cadena Azul" 53 Prado Blvd. Havana Cuba notifies your editor that COCY 11.460 mc at Havana & COHI 6.450 mc at Santa Clara broadcast sinaltaineously from 6:30am to 1:30am EST daily and relay CMCY 590kc-CMHI-830kc-CMJN-610kc: CMKV-570: &CKN-640. QRA is P.O. Box 770 Havana.

LITTLE AMERICA SHUTS DOWN

KC4USA West Base, little America will not be hrd again. Its last trans was on Jan 11th. The Snow Cruiser KC4USC has been silent for several wks and now both stations are off the air forever. The East Base KC4USB is still active on 14.258mc every night from 6:30-11 PM EST. This station will close down about March 1st or a little sooner. The expedition at Little America celebrated Xmas and had turkey and all the fixings. For gifts each member went through their belongings for old ties, handkerchiefs and socks, wrapped them up and distributed them among themselves. Tune for KC4USB while you still have a chance and send reports to the ARRL. Might be a chance that they will send you their card after they return. (Forestieri via of the New York Sun.)

DID YOU KNOW THAT?

Between 3:30 and 4.920 mc that 28 SW stations in Venezuela are broadcast ing nightly? But unbelievable as it may seem they do not interfere (Carl)

ATTENTION MEMBERS

Your editor makes out this SW bulletin each Sunday afternoon. Therefore all reports must be in here on Saturday. Bulletin is then sent Air-Mail to Buffalo and arrives Wednesday of each week. Ray cuts stencils on Thursday. Any late tips that cant be sent to arrive by Saturday please send direct to HQ by Thursday of each week and they will be in the following Monday's bulletin. The NRC has been publishing a lot of scoops lately thanks to all you members. Lets make and keep this a real wide awake club.

REPORTERS FOR THE WEEK

Well well well we have some new names this week. Very fine reports too. Thanks to Mel Oliver, Jim Walker, Steve Mann and Leo Herz who contributed items for this weeks bulletin. Lets hear from you fellows often. This weeks SW bulletin should be a good one.

ANOTHER SHORT WAVE CONTEST?

Jack Siringer and Steve Mann were talking things over and suggested that we stage a 1941 SW contest. Verifications would be fir reception from Jan 1 1941 to Dec 31 1941 with the contest closing on June 1 1942 to allow time for all veries to be received. No veries from the USA would be allowed. Points would be figured by multiplying the number of Countries verified by the number of verifications. Therefore if Mr X has 12 veries from 10 countries he would have 120 points. How would you like a contest of this sort? I am highly in favor of it. Both Jack and Steve would donate prizes along with your editor. The only restriction I have is that some one else take care of contest standings. This takes a lot of bookeeping and I have done it for over 2 years and would like to have a little vacation from it. Hi. However I am highly in favor of the contest. (Editor) Lets hear from you all.

The change in frequencies for most of the stations will begin operating on new frequencies. The following is from the FCC bulletin. About 200 matters in conflict were eliminated at the engineering conference. Under the agreed allocation, 795 of the 883 standard broadcast stations in this country will begin operation on the new frequency assignments as specified in the revised list. This goes into effect at 3:00 AM EST March 29 k94k WMDP were assigned as call letters for the new station in Greenwood S. C. and the licensee is Grenco Inc.

R. Carlton Green is the Chief Engineer at station WBTA in Batavia N.Y.

EDITORS NOTE

Your editor has requested a 1941 SW contest from Randolph Hunt, Chairman of the BOD. I think it will be forthcoming. Only veries for reception from January 1 1941 will count so it would be a good idea to start sending your reports out as soon as possible. Dont forget the great SW contest staged by the ISWC. Help to stimulate DX interest by participating in these contests. Your editor is now the new SW editor of the Radio Guia. Many NRC members are subscribers. I hope you will like my section fellows QRA-Radio Guia, Obrapia 362 Havana Cuba. Send 15¢ in stamps for sample copy

Radio Experts expect a 30 day disturbance of Magnetic storms which will effect SW reception. RCA Communications, Inc., reports radio disturbances of varying intensity following a severe electrical storm. Reports of fluctuating SW reception also were received from other communication companies. The disturbances are attributed to sun-spot activity and will effect foreign SW channels particularly. These disturbances can be expected at intervals lasting for as long as 10 days at a time till about April 1st. Lets hope these conditions soon clear up. (Carl Forestieri- via New York Sun)

Larry reports that he is no longer able to edit the SW column for the bulletin. We are very sorry to have this occur but Larry knows his own situation a lot better than any of us so all we can say is that we are sorry to see him withdraw and wish him the best of luck and to thank him for his past efforts.

If any of you members would care to take over and edit this part of the bulletin please drop me a line at once. To cut all the stencils and also edit the SW section would create a little hardship here in Buffalo. Now lets hear from you SW members, there is not a whole lot of work to it but if it were added here it would make a big difference. As soon as one of you offer to take over I will send you full instructions. Ray Edge.

REPORTERS

Jack Siringer-Fred Alfred-Leo Herz-Carl Forestieri and Grant Batson.

EDITORS NOTE

I want to take this opportunity to thank every member of the NRC for the fine help they have given me during the past several years that I have served as SW editor. It has been a pleasure to work with you and it is with regret that I must resign at this time. I shall never forget the fine pals that I have had in the NRC. I only hope that all of you will support my successor and help him to do a fine job. The NRC is a fine club, has a swell bunch of fellows and deserves the 100% support of all the members. So Long Fellows. signed Larry Lundberg.

THE VOICE OF THE ASST SW EDITOR

With this issue I am resigning as the Asst Editor because during the coming season I wish to devote my time to CPC work and membership work, the latter being a committee which I have tried to form to devise ways and means to get new members. I shall continue as in the past to be active in the club. I am very sorry to see Larry resign as I am sure the pleasure was all mine while working with him. Good Luck Larry (Thanks Leo-Ed) To Fred Van Voorhees, Good Luck, I know you will make good. L Herz

And from the editor at HQ, Thanks for all you have done in the past and hope that the future holds an abundance of Good Luck to you Larry.

NOTES

From J.E. Gardner of the Cleveland Radio Club note we learn the following about the Australian stations. Mail for VLQ in Sydney should be sent to D.W. Bailey, Director of the Australian News and Information Bureau, 610 5th Ave, New York City. Reports will then all be AIR-MAILED to Australia and veries will be mailed from Sydney. The VLQ broadcasts are now to use VLR's new 10,000 watt transmitter at Melbourne. There are 3 100 watt transmitters now under construction. Frequencies for these stations in Australia are,

VLQ 9610 kcs	VLQ5 9680 kcs	VLQ2 11870 kcs
VLR 9580 kcs	VLR6 11710 kcs	VLQ7 11880 kcs

The British Broadcasting Corporation advises that theres program of Questions and Answers to listeners will continue over GSC-9580 and GSD 11750 every Sunday evening at 10 PM Eastern Daylight Time.

Well, with this your new Editor closes his first attempt at bringing out a Short Wave section to the bulletin. I hope that there will be a little better support in a little while, because you know you can't pull reports out of the air like you can stations. Thanks to Leo Herz and to my good friend of WSAJ reports, Grant Batson for reports this month.

Just a word from Headquarters about the Short Wave section. First I want to thank Fred for being so kind in taking the editing of this section. Secondly I wish that you SW members would get some reports in to him so that he can have a section that contains some news. I remember last fall you fellows were on the short end of it but rearangments were made and you have seen a short wave section in here every week since. Now please take out a little time and get in some kind of a report to Fred, no matter how small it is as you know every little bit helps. So until next month, so long and lets see your reports in here. Ray.

YOUR EDITOR THOUGHT IT UNNESSARY TO PUBLISH COMPLETE LISTS, BECAUSE TOWARD THE END VERY LITTLE INTEREST WAS SHOWN BY THE CONTESTANTS OTHER THAN THE LEADERS. RESULTS ON NEXT PAGE.

Far be it from me to criticize, but it seems to me that something must be wrong with a club that has to get its short wave information on new stations and hard to get stations being heard from the bulletins of other clubs. There is plenty of information in these other bulletins, but I like to think that the members themselves make up the bulletin with only NEW stations reported from other clubs.

Lacking reports from members for this section, I have gone through the bulletins of the NNRC, ISWC and IDA. The notes concern mostly new stations. Let's not have this happen again fellows.

26125 kcs	W5XAU	Oklahoma City heard after 10 PM (NNRC)

2522	WOX	St George, Stanten Island, "the New York Marine Opr" putting in its usual R-9 signal. (Editor)

That is just about all I am able to put in. I assure you that there will be more from NNRC members in the next bulletin. (If I have to spend three hours a day myself at the dials)

VERIES RECEIVED

CNR-NYLAD-ZBW and K4FAB These received by Fred Borchardt.

CB1184-XEUX by James Wedewer; ZNR by Jack Gardner; Radio Martinique-WBOS by Grant Batson.

BBC announces that Lindsay Wellington is its new North American director with offices at 620 Fifth Ave., New York City.

Radio Eire, Athlone, Eire requests that reports should be sent to "Radio Eirrean" Chrysler Building, New York City or by Canadian listeners to "Radio Eirrean" 140 Wellington St., Ottawa, Canada.

Sorry fellows, I got the stuff in just reverse from the way I have been doing it. In other words, I started at the other end. I think this end is easier to work from, so will continue this way. Thanks for the support. I didnt get any DXing done myself. I did turn on the radio this morning and only heard on short wave was CFCX in Montreal. Demon DXing huh? I'll try to do a little better next time. (Fred Van Voorhees)

BCB NEWS cont

John Kalmbach advises that the management of Radio Station WSVS has been changed and negotiations are under way to insure verifications of reception. Failure to receive a verie from WSVS please contact me at 1195 Wehrle Drive Williamsville, N.Y. and I will investigate.

The World Wide Dial Club of Chicago will have their September meeting at the home of Gerry Jansen 2551 West Monroe St., Chicago. September 27th at 8 PM Central Daylight Saving Time. The Milwaukee Chapter will be present. Every one welcome. (Leo Herz)

Fred Borchardt says he is waiting for that BCB contest to start and to watch his smoke. I really enjoyed meeting all the NRC members and had a swell time while in Buffalo. (Bgtter go after that contest) Ray.

JOE BRAUNER-WMSVILLE N.Y. New stations have been as follows, WPAT 6/25 on that 5:30 program, does not seem to be on so early anymore. SHORT WAVE CONTEST NOTES

The complete and up-to-date ratings will be included in the next issue so get all your entries in to me by October 22nd the latest for inclusion. Just mentioning here that Steve Mann has increased his point total to 240 and Jim Wedewer now has about 400, so the contest is getting a little more spirited. We will have the complete standings in again next week and in every second bulletin of each month from then on. So get in your entries at once. Remember the after next week they will appear in the 2nd bulletin of every month. November 8th is next.

THE EDITOR'S CORNER

Nothing much to comment on, except the fine reports of Roger Legge, a new member, whose address is 20 Beethoven St., Binghamton, N.Y. Also to Jim and Steve. Wonder how Leo is coming along on the BCB? We of the S. W. section are going to give him a leather medal the next time he reports one of his old faithful stations (COK and HCJB) What would he do if they ever went off the air? (Thats all right Leo, we know you are trying and hope you wont mind a little kidding)

Received PZH, Surinam after waiting a year. Station using only 25 watts

From our good member Jack Gardner comes the following information on the stations at Radio Brazzaville. They are heard on 11.970 mc R-9 between 10 and 11 PM EST. Their latest schedule is with 6 transmissions and the times are as follows; 1:30 GMT - 3:00 GMT - 6:00 GMT - 6:45 GMT - 8:00 GMT and 11:45 GMT. These are the beginning of the transmissions I believe.

ADDITIONAL BCB NEWS

These are additions to the list of New Zealand BCB stations published in the bulletin of October 4th; 2ZJ-980 kcs with 25 watts; 2YD on 990 kcs in Wellington with 250 watts; 4ZD on 1010 kcs in Dunedin with 50 w 4YO on 1140 kcs in Dunedin with 150 watts; 2ZM on 1180 kcs in Gisborne with 120 watts; 3YL on 1200 kcs in Christchurch with 300 watts and 2ZA on 1400 kcs in Palmerston, North with 750 watts. Info from Bob Brown. From the NBS in a letter just received the above are correct except they do not list 4ZD on 1010 kcs; 2ZM on 1180 kcs and 2ZA is 250 watts not 750.

THE CPC CORNER cont

KMTR-Hollywood Cal 570 kcs will DX on Friday morning Dec 5th, the exact hour is not yet certain. Their channel is not clear until 4 AM EST and we hope this program can be arranged for 4 to 5 AM (Addy)

WWNY-Watertown N Y confirm the date of their NRC DX program as Nov 5th from 4 to 5 AM EST and tell us they will have a worth while show. They advise that another such program will be broadcast later in the season if the results from this one are satisfactory. Dedications of selections will be made to members. (Herz)

Some of the stations being contacted by the CPC cannot put on DX programs. The main reason this year seems to be a shortage in help and we all appreciate this. WAGE were forced to cancel their DX for that reason WERC told Herz they only had 2 engineers.

We've just one addition to our list of specials to announce this week. It is KMTR, Hollywood Cal., who informed us they will DX on December 5th from 304 AM EST. Eldon Addy who arranged the program is trying to have this hour changed to 4-5. Watch DX calendar for possible change. WWNY will put on another program if this one is satisfactory so lets all rpt.

 EDITOR Fred Van Voorhees North Country Road Miller Place N Y

Fred says that this issue may be smaller this week due to reports being a little late. As stated in last weeks issue we ask you members to have your SW reports into Fred so that he will receive them in Tuesday's mail. He then can make up this section on Tuesday night and have it mailed to me Wednesday morning. If you fellows will follow this system you will be assured that your bulletin will be mailed every Saturday morning. Due to my working hours being changed I cannot let the entire job of stencil cutting go until Friday. So please cooperate with us

QUESTIONS and ANSWERS

Just one question this week aside from those noted above. Jim Wedewer wants to know where to hear VPD2. Is it still on 9535 kcs? Also for Jim please note request under 7??? kcs.

VERIES

Wedewer reports HJEK & COBC; Borcherdt reports XGOY.

MILWAUKEE CORNER

As usual most of the Milwaukee reports have been entered in the regular section under the proper frequencies, but have a few notes to insert here as well. Bob Hetzel sent his report on Radio Eire to the Chrysler Bldg as recently requested and received a note saying that his report was being forwarded to Dublin by the Consulat. Bob Hetzel also reports the following stations on 20 meters, KALCM-KALAT-KA9AA-KALAK-KALJM-K4AH and K4LW and many Central and South Americans heard from 6-10 PM. A K6 heard on 10 meters from 3-5 PM.

A note from Jack Garnder our Cleveland Vice-President asking all our SW members to monitor Moscow and report to Charles Morrison of the IDA whose address is 730 Osage Ave., Normal Ill. This request origanally came from Charles Morrison and I hope all SW members will oblige the IDA President as he has done many favors for the N R C.

Editors Notes

A little light this week, but with reception improving on all bands now I think we'll see good reports in every week from now on. Thanks to the Milwaukee Chapter for the fine support and to Jim Wedewer for his continued support. Your editor finally tried the Short Waves and even dared to list his catches in the column this week. Sorry it wasn't better but haven't had much time to DX. If you fellows will have your reports to me by Tuesday each week they will appear in the bulletin. Please cooperate as Ray has requested at the beginning of this section. Thanks Fred. I also want to ask Steve how he does it. My location should be better for Spicks than his, but all I can get is USA signals all over. Fred.

Just one thing more. The results or standings of the SW contest will appear in the bulletin that is sent out the 2nd week of each month so have your reports and results about the contest in so they can be compiled in time. The next bulletin will contain these standings so please get them in to me as soon as possible. If it is impossible to have them in to Fred by Tuesday you can send them to HQ this time and I will list em.

EDITORS CORNER

Thanks again fellows. Reporters Roger Legge-Grant Batson-Jim Wedewer-Steve Mann and Jack Siringer. Welcoming Jack and Steve for the first time the others are becoming regular reporters to this column. You are showing swell support and with a little more of the same from some of the rest of you, we can make this column the best Short Wave section put out by any DX club, even those which specialize in the Short Waves. How about it, fellows? Lets go.

QUESTIONS

For Eldon Addy- Who is the station QRMing HHBM on 9.650 kcs from 7 AM on. It is an English speaking station. Eldons QRA is R 2-Marcus Iowa.

EDITORS NOTES

To Horst Krumrei, I say that I'm sorry but I guess that Milwaukee report either got lost or arrived too late for this issue for which it was intended. To the boys who reported this week; Eldon Addy-Roger Legge Grant Batson and Jim Wedewer, thanks and keep up the good work. To those who read the column and do not contribute, we would all like to hear about your DXing experiences on short wave too, so send them in.

SPECIAL

SPECIAL

Read Kermit's dope on the front page of this bulletin in regard to the special program. For you SW listeners here is what he says- The short wave relay should be of interest to the SW members because it is a new station which I have not yet seen reported anywhere and they are anxious for reports. The SW relay is on 4.855 kcs with 1 KW power. QRA on front. and the time is from 11:00 to 11:20 PM in the evening on 4.855 kcs.

HAVE YOUR SW STANDINGS IN TO FRED BY DEC 9th TO BE LISTED DEC 13th BULL.

GEORGE CRYDER-DELAWARE O W 11 fellows heres a rpt ??? for a change. Have not forgotten DXing but have so little time for it. Nothing new of any value only the usual run of stations. Of course the CMS and XEs plus LRL etc are still pounding thru. Rec a list of Aussie BCB from a Pal there. Also swell copy of NZ radio program bulletin. Have also logged HJCC under WWL but no good rpt yet. The DX specials we are having are fine biz Rec a letter from H Criswell of Penn for which I thank him. Xmas vacation soon hope to get in some DX then so until later 73s all.

HERB CAMPBELL-ATHENS PA WWPG test on 1340 1-5:30 am 11/22; WEIM was a 4 star program Q5 R9 most of time till 5AM then weaker; 11/25 Condx bad WCOP fb program Was Q4 R2-7 violent fading; WCED Q3 R5-6 QRM from WKBO Veries this season WKWK-WOCB-WWDC-KDTH-WGAA-CFOS-WLAG-WWNY-WSLB-CKNX-WISE Reports to WJMA-WRRN-CKRN-CJIC-CHLN-CKCO-WISR-WWPG-WEIM-WCED-WCOP. Clip-ping with WWNY verie shows thoughtfulness. (No Herb no buttons came off) WELL BOYS ITS NOW EXACTLY 7:58 PM and this finishes everything here.

I hate to say this fellows, but there may be no Short Wave section next week. I have just changed jobs and may be transferred to another location sometime between now and next Wednesday, so am not sure whether I'll be able to get out a section or not. The contest standings will also be late in being published. Thanks to the gang, Roger Legge-Jim Wedewer - Steve Mann-Jack Gardner and the Milwaukee boys Horst Krumrei-Fred Borchardt and Bob Hetzel for their reports. There wasn't anything outstanding from Milwaukee, so I beg their pardon and have included all in with the regular section. ***** In order not to have any intermission in our Short Wave sections sent your SW reports direct to Club HQ 525 Stockbridge Ave., and I (Ray) will make it up. BUT PLEASE HAVE YOUR REPORTS LISTED IN ORDER OF THEIR FREQUENCIES AND HAVE THEM IN TO HQ BY WEDNESDAY. THIS PROCEDURE WILL CONTINUE UNTIL FRED GETS SETTLED IN HIS NEW LOCATION. REMEMBER SEND YOUR SW REPORTS TO CLUB HQ UNTIL FURTHER NOTICE

PLEASE READ THE ABOVE NOTICE FROM BEGINNING TO END

QUESTIONS and ANSWERS

For Roger Legge-Can anyone identify his mystery Brazilian on 6660 kcs?
 For Jim Wedewer-ERN on 5870 kcs verified for me in 26 days, that was in April 1939. May not verify in last year or two. (Grant Batson)
 To all concerned-TIX and TIGPH on 5900 kcs are the same transmitter, which announces TIX or TIGPH depending on which BCB transmitter it is relaying. Usually announces at TIGPH before 20 PM (think it is 10PM) and as TIX after 10 PM. (Roger Legge)
 To Grant Batson-TFJ was heard in Dyersville on 12235 kcs, twice around 12:30-1:15 PM EST. Signals fair. (Jim Wedewer)

DXers live at the dials	To the rule an exception of choosing
Whenever a moment's to spare	Down in a quiet orchard
Spanning the meters and miles	Smelling the flowers and musing-
By turning a gadget a hair	Still the DXer is Borchardt.

POP EDGE-BUFFALO N.Y. Since last report have received card veries from CKNB-WRRN and KWFC which dont even mention call letters and letters from WJLB at last and WCOP along with one from WEIM for special with a 1340 club button enclosed. Have sent reports to WISR-WROL-WLDS who take the air on Dec 9th at 6 AM CST. Still too many reports out and no veries in return, last verie received was on the 29th of Nov. None of the Canadians have verified which were on the NNRC specials except CKNX-CKNB. Hrd KWAT on test this am 12/5 and they were barely audible like all signals have been for the past week. KMTR was on for NRC this am from 4-5 AM but could only tell when they were announcing or when music was playing so could not report. WSVA according to reports were no on their special for the WDXA. CBO had odd program for the GNSWLC 12/5, I listened for 20 minutes and didn't hear any announcements except when they signed off at 3:56 before playing the both Anthems. Well boys that cleans up every thing here so will be with you again next week.

The last few weeks Wimpy Kalmbach has been having Hamburgs before retiring on Saturday nights and lately I have noticed the farmers near Williamsville taking in their cows on that night. Rumors have it that lately several skeletons of some of the best cows have been near his home

If PRE9, Fortaleza, Ceara is reported again please note that the above is correct spelling of its location. In recent weeks various assorted versions of the spelling have been printed. (Tnks Roger, me being not a SW listener I am apt to spell it and others wrong. So we will try to keep it and others right. I know that correct spelling on these SW should be correct especially for those sending for veries.-Ray)

NOTICE TO FRED VAN VOORHEES- Here are the veries reported to me, I am not going to list the SW contest but will leave that for you next week. Roger Legge reports veries from, CR6RB-XGRS-FFZ-ZFY-PUS-MTCY-PPH, Saigon (6185)-K7GNN-K7CBF-NY1AE-K4HHR-CE2BP-TI5JO-TI5JJ-TI5OLL-TI6HS-HC2KB-CX2AX-YV5RX-YV4AX-CO8MC-LU8DH. For the contest. Grant Batson reports veries from, COCQ and COBZ.

Remember a special DX program for the N R C from YV6RC-3450 kcs from Barcelona, Venezuela on January 13 1942. Arranged by Steve Mann. REPORT.

REMEMBER SEND YOUR SHORT WAVE REPORTS TO FRED VAN VOORHEES-3445 STETTINIUS AVE, CINCINNATI OHIO, STARTING RIGHT NOW. Several members suggested omiting rpts from Japan-Germany-Italy. I called FBI & FCC and its still OK to publish them.

Please note that this bulletin was not mailed until Monday morning Dec 22nd because all mail was late in arriving at HQ. Reports took from 3 to 4 days when naturally it only took 2 days. If your bulletin is not received on time again next week you will know the same condition existed and if it does I will again mail the bulletin on Monday instead of Sat.
