"DX KEEP IT FLYING by Fred Borcherdt

Yes DXers we were and still are
Though this war has been quite a jar
Now lets combine from near & far
And keep our Hobby up to par

Sure the Hams have left the air
And reception on the BCB is only fair

But we DXers do we care
No sir That easy we dont scare
Though some of us may sail 7 seas
Well never ask for or dream of fees
At home well DX like busy bees
Then to our hobby well never say

Leo Herz says if Wimpy Kalmbach need some Hamberger makings he ought to visit Eldon. Theres enough there. Hi-Hi.

Another says to Tell "The Meat Grinder Man"(John Kalmbach) that I intended to send him a 300 lb Cow for Xmas but I couldnt find enough paper to wrap it in. Also rumors have it that he has bought his Wife a pair of shoes(Bout time Wimpy) Could it be that they'r made out of COW SKIN?

Another says, Tell Wimpy I have a meat grinder here not in use, but it is only a small one. Could be used in grinding up Bovine Meat in case he would run across some more COWS.

Dont forget the present contest,which has now closed as far as reception reports are concerned. You have till July 1 1942 to get those veries in and the lists into HQ, Just as soon after that as possible. Present standings will be listed next week in the bulletin.

SWL's

How many of you fellows exchange SWL cards? If you do why not send along your name and address,and we'll list the card swappers here in a column of the bulletin. Send along a sample of your card and I'll be glad to return one of mine. In this way I can see what you have and get your address as well. If you like the idea of such a listing,tell me about it and we may include all card-swappers,NRC members or not for the benifit of you who need cards. Let's hear from you in regard to this matter.

NOTE CHANGE IN ADDRESS

My address is not the same so please note the change. I am now at 3061 Fairfield Ave., Cincinnati, Ohio. Please send mail accordingly.

17830	WCBX	Brentwood,N.Y.(NYC) hrd around 1PM.(Maguire)	

Let's discuss them by countries a little-We will start with N America.
USA-Our US reports this week come from Norm Maguire and Fred Borcherdt on KGEI,San Francisco-15330 is reported under freq. KGEI also using 9670 7000-6486,in its own right as well as some of the Bolinas xmitters. Other American xmissers reported were WCBX,Brentwood NY-17830 and WLWO Cincinnati-11710. The latter signing off on this freq at 7:45 PM.
MEXICO-From here this week we hear of a very good reception in Iowa from XEBR-11820 in Hermosillo. We have no knowledge on its verifying policy to help Jim out but we wish him luck.

SOUTH AMERICA

PARAGUAY-Strangely enough,the only country represented in S America this week. ZPA-2-11720 in Asuncion,Paraguay's xapitol city is the station reported. It signs off at 8:40 PM. (Borcherdt)

AFRICA

ALGERIA-From Algeria we have reports of TPZ-2-8960 and TPZ-12120 both in Algiers. They use a single gong as identification. Stations both close down at 7PM. (Wedewer-Maguire-IDA)
BECHUANALAND-We have the reports of these station on 5895,that might be ZNB,heard with setting up exercises around 1AMEWT. T is Mafeking station is also heard in the afternoons. (Wedewer)
BELGIAN CONGO-OQ2AA in Leoplodville is being reported on at 3PM on 15170 Heard after TGWA signs off. (Maguire)
SPANISH MORROCCO-EA9AA on 7090 is the station from this country reported this week.Roger Legge furnishes the information that it signs off at 6 PM. He still isnt positive of the call,however so how about checking it?

EUROPE

ENGLAND-From England we have reported this week the N American xmissions 5:15-12:45AM being carried by the following,London stations; GSL-6110; GSC-9580; GRH-9825. GRS has been dropped from this xmission(Borcherdt)
FRANCE-Roger Legge reports VICHY now on 9250. IDA shows PARIS MONDIALE and Y both on this freq also. L Herz is reporting a Freedom Station on 10050 with talks in French.
GERMANY-Fred Borcherdt reports the following stations being used on the S American xmissions 5:50-12:15 AM; DJI-7290; DJA-9560; DJW-9560 and DZC-10290.He says DJI & DJA are the best.
ICELAND-TFJ-12235 reptd by L Herz on relay to NBC at 7:15 PM. Wonder if there is any chance of getting this station verified these days.

EUROPE cont

ITALY-Norm Maguire & Leo Herz both reported Italian stations, the former 2RO6-15300 and the latter 2RO18-9630. For information your editor offers the note that IDA shows 2RO18 on 9760 and has 2RO3 listed for 9630 kcs
PORTUGAL-CSW7 is reported as one of the better European stations heard in the middle west. It is on 9740 and reported by Jim Wedewer.
SPAIN-More has been done by Roger Legge this week in straightening up the tangle on 7 megs. He has reason to believe the station on 7030 is Radio Nacional, Madrid, but still is in doubt about station on 7095 kcs.
SWITZERLAND-Reported this week by Fred Borcherdt, HER5, he says is being heard 9-10PM. It is located in Bern & operates on 11865 kcs.
USSR-This country is providing the real puzzles for all of us. This week Leo Herz, Norm Maguire and Fred Borcherdt all reported various frequencies and programs. Apparently the xmissions 9:15-9:40 PM is heard over 11880-15230-6115 kcs. On the 10:15-10:40 PM xmissions they seem to be heard on 11880-6115 and 9565 kcs. Also reported 7-8:55 pm on 15239 kcs Norm also reports hearing all 3 of the evening xmissions on a freq of about 6060 kcs. This is a previously unreported frequency.

ASIA

CHINA-Chingking is reported on 2 freq this week. Roger Legge reports it on 9635 and Jim Wedewer on 5950. Apparently both freq are operated in parallel as the time of reception on both coincide.
INDIA-Fred Borcherdt reports a station on 7280 which he believed to be VUM2 in Madras. We at Short Wave HQ differ in believing it to be VUD2 in Delhi. Sked is 10PM to 12:30 AM. They sign on with clock striking 7-8
JAPAN-The only Japnaese station this week is from Fred Borcherdt who reports JLG4 in Tokoyo on 15105 and gives a sked of news broadcasts.

At The Editor's Desk

Fellows,due to the fact that paper isn't too plentiful we'll have to be satisfied with just the frequency list instead of both the frequency and listing by countries. Just a note from Norm Maguire,who says he is having SW reports to South American stations returned by the US censors. Norm also states that the African services of the European stations seem to be the best heard in New Mexico. Here's latest official listing of the the BBC North American transmissions, 6110 kcs GSL 10PM-12:45 AM; 9580 kcs GSC 5:15 PM-12:45AM; 11750 kcs GSD 5:15 PM-9:45PM. This from BBC.

Roger Legge gives the following as the schedule of the Russian broad casters as received from Kuibyshev; 6950 kcs 1-4PM; 7130 kcs 12:15-1AM; 7200 kcs 2-5PM(English at 4PM); 8050 kcs 11 AM-6:30 PM(English at 4PM); 10040 kcs 12-12:30AMp 1-1:30AM; 7-10:50AM(English at 1-8:50 and 9:30 AM); 14400 kcs 8:50-9:15 AM in English.

Roger also says this about the USSR stations. The transmitters on 6115-9565-11885 and 15230 kcs are located at Komsomolsk in Siberia. These stations announce as Moscow and the programs originate there,but the transmitters are in Komsomolsk. And to Roger thanks for trying for The Mud Island station.

A little addition by your Editor at Club HQ. In regard to the Station Gossip which was very nice, I thought it was just a repitition of what appeared in the list by frequencies. and asked Fred to discontinue it as it seemed using paper unnecessary,especially in these times. Ray.

Still By The Fire

Greetings to Charles Mouzis up there in Milwaukee,glad to see your reports.Incidentlly he is using Heinie Krumrei's old receiver,so his DX ought to be really good. Grant Batson seems to be really tyying to build up some points in the new contest. He says he has reports now out to YV5 RM-Moscow-COZX-PJC1-HER4-HIT. Guess even the BCB is suffering up in Westfield. Nice letter from Norm Maguire indicates the DX is very possible out in the Sun Country of New Mexico and we'll be looking for more from you in the future,Norm. (Continued on next page)

JOSEPH J. BECKER, SR., PRESIDENT — RAY B. EDGE, EDITOR

ISSUED WEEKLY—$2.00 PER YEAR

Vol 9 No 33 — 325 Shirley Ave — August 8 1942

Well here we are again after a lapse of over a month. Your editor is in his own home and nothing like being sold out can happen again.. The new Club address appears at the top between the Volumn number and the date,so remember it. The old QRA will appear on this front page until this supply is used, Dick Cooper is printing new ones with the correct QRA to be used when this supply is gone. Remember it is now 325 SHIRLEY AVE, BUFFALO,N.Y. Just 3 blocks from our old one.

The following is a list of officers who were elected during June. I am very sorry to say that less than 25% of the members voted. This shows that either you are satisfied as long as you get your bulletins on time and have no interest in who are your officers, or you just neglected to take time out to cast your ballot. Any way lets show a decided improvement at the next election. Well here they are.

EDITOR-TREASURER	Ray B. Edge	325 Shirley Ave Buffalo N.Y.

It will be noted that the office of Treasurer was changed with that of Secretary and added to the Editor's. This was not done for any reason except that because the dues were being sent to the Editor because it is up to him to buy all supplies thus rewuiring him to have the funds. With the office of Treasurer being with the Secretary this caused an extra amount of work which could be eliminated by combining the offices of Editor and Treasurer. This motion was brought up at the Board meeting at the convention and all 7 Board members attending votes for this change. The Board Chairman will notify the 2 Board members who did not attend the convention. Your new Treasurer announces this new system. A member upon renewing will receive his membership card along with his bulletin thus saving 3¢ postage. A new member joining will of course be sent his membership along with a letter of acknowledgement and also inform him of the Clubs Officers names and other information that will be helpful to him during his membership. Some of you might not appreciate the 3¢ postage that is saved on each renewal but with prices going up etc we want to guarantee your continued receipt of the bulletin. The present Officers are sure that the NRC can continue throughout this War and upon its completion the NRC can be the best DX Club in the Country.

Concerning Conventions of Certain Dimensions

by Carroll Seth

A shell of a city is Buffalo, boys
Its citizens wacky because of the noise
Resulting when quite a collection of sports
Enjoyed in the town a convention of sorts

We gathered to talk of the radio scene
But having agreed that the pickings were lean
The fellows departed to take in the sights
Their tale is a classic -Arabian nites

The Clevelanders all wore a Romeo smile
And handled a supper in baloony style
The waitress expected her Gable at 8
But Lefty was hoping the critter'd be late

An evening of pleasantries safely behind
We headed for mattresses only to find
Bartholomew busily leading a crew
In changing the rooms to resemble a zoo

At 3 of the morning the Siringer wilted
Laid on the bed and was quitely quilted
Busily labored the fellows at chores
Building a canopy muffling his snores

In bowling the winners were naturally champs
The scores that they gathered would give you the cramps
And as for the losers-its really to bad-sirs
The form they exhibit would make you feel sad,sirs-Egad sirs

A nod by the way to Lorenzos meals
Enjoyed in spite of the Banqueting spiels
Of fellows like Reilley who heavily sinned
In talking,exhausting their 2nd wind

The nations conventions are great to behold
But,ours is the finist or need to be told
And even the ladies so lovely belong
In a class with the cuties who sport a sarong.

Below is listed a few of the High lights. It is hoped that no one will take any offense as it is all in good clean fun.

Van Voorhees-wearing his Bob Hope-Pepsodent smile and a gift of gab that would stop a Panzer division
Siringer-big blonde,handsome but pathetically asking "Do you think my voice over WTAM sounded like Orson Wells?"
Lefty Cooper-wearing a big badge "Brooklyn Dodgers" as identification.
Breymaier & Gmeiner-the perfect "seen but not heard" kids.
Mann-what bowling form??
Ken Page-Jekyll-Hyde type. Looks like little Heller and winds up showing us broadcast band veries that put him in Supermans class.
Kalmbach-the perfect listener
Reilley-Old man river. Bob Brown-gentleman from Indiana
Bartholomew-all DX and a yard wide. Ray Edge-THE TIMID SOUL
Dick Cooper-the village blacksmith.
Wyman & Legge-quitely reasting on their laurels.
Carroll Seth-making his speech at the banquet dinner stopping them all.
Florence-Kay & Cathering-all wishing their husbands could take on some of the qualities of all the others.

ED WYMAN-HORNELL NY Since last report I received 13 letter veries and 10 card veries. Got a card verie for my 1st report to WAOV with a letter attached saying they had heard rumors that they diant verify. They wished to assure me that they verified every report received and they hoped I would give it around to other members of the NRC. Letter veries from WFIN-WJW-KGIR-WAML-WAKR-WJSV-WJLB-KGCU said he got a report recently from Duenden N.Z.) WMBD-WTIC-WKRO after 5 months. Cards from WBTA-WAOV-WPIC-WSAJ-WMBO-WSAY-WBT-WCXR-WHIO-WCKY-WENR. While writing this report I disconnected my antenna due to an electrical storm and good thing I did as it hit my antenna so no more DX until I get ambition to put it back up again. Rpts out to WRAL-KIT-KFOX-WBRY-WAKR-WAML-WMBO-WSAY-WCKy WCXR-WBTA-WMEX-WLAC-WJSY-WGAR-WEMP-WFIG-KID-WTIC-WTAM-WSM-WSB-WAIR-KOMA

Kenny Page won another unofficial contest between himself-John Kalmbach and Ray Edge, a $1.00 was collected for this as John and Ray had to pay 50¢ each. Well it does prove that we have at least 1 DXer in Buffalo.

Several of the NRC boys are in the armed services of Uncle Sam. I am listing their QRAs below and it is hoped that you members will take time out and drop these boys a line every once in a while. They all state they will answer your letters. I also hope that you can understand why they want to hear from you fellows as it can be pretty lonesome if no mail is received, you wouldnt like it so why make them like it. So lets sit down now and write to one of them and then in a few days drop one of the others a line. It will certainly help them and you will also be helping yourself at the same time. So write now.

We have heard that Steve Matula is also in our armed services but to date no address is forthcoming, the same with Henry Leinback. Len Kruse is about to go and it would be appreciated if he would send his QRA as soon as he can.

Since the last issue of the bulletin Frank Susoreny and C.E. Jacques have renewed. Boys your membership cards will be sent as soon as our new supply arrives. Thanks a lot and you can be sure that the NRC will continue to operate for a long time to come.

Word has been received from Edward Wyman of PO Box 522-Hornell N.Y. that pictures of the convention can be had by writing him and enclosing 4¢ for each print wanted. There are 7 of them that are really good and enlargements can also be had for 45¢ a piece, it will be 5x7. Any one wanting these pictures PLEASE enclose correct amount plus 3¢ for return postage to Ed not later than August 31st. Your pictures will arrive in about 10 days from that date. Total cost for the 7 pictures will be 28¢ plus 3¢ postage,a total of 31¢ to send Ed for the complete set.

FRED BORCHERDT-US ARMY A short turn across the band and we have no more DXing for some time,as both Bob Hetzel and myself are stationed in the 95th Signal Copp located here at Camp Swift,Texas. We enlisted together and we've managed to stay together asxwere always wanted to. We are now bu bunked side by side and both of us are already becomming accustomed to army life. Both of us say hello to all and lets HEAR from you fellows.

DICK COOPER-KITTANNING PENN Well fellows,Its been quite some time since I've had a report in the bulletin. DX during the past year did not get the attention I have previously given it,but I did mangge to make a few nice catches. Veries since last report include letters from WJPA-WGBG-WIGM-KVSF-WKMO-WIAC-WFHR-CKSO-KGBS-KTTS and CHFX. Cards from WHYN-KMJ were OK but typed cards were all I got from WRRF and WJMC. WJLD sent my report back and then verified with printed card that I made for them. Holdouts last year included KILO-WGGA-WJAR-WHIT-WCRS-XEON and report came back from XEOY marked "Insufficient Address" I'd like to add that I enjoyed the 1942 convention from start to finish and want to thank the fellows who made my visit in Buffalo so very pleasent. Thanks too for according me the honor of Board Chairman. I was very much surprised to be chosen and dont feel deserving of that honor,but will do my best to fulfill the duties of that office.

TOM MORRISON-CLEVELAND O Not much doing and very little DX. A few new veries from WBEN with booklet-WBCM-KGEI-WHIO. Didnt try to log anything new but stumbled over WTTS-CMBC at 10:30 PM by just taking a report to CBF. WIP & WSPD. On SW heard Radio Panamerica. The Midwest is out of order so turned to the Firestone and the results are fair. So much QRN lately and it makes it tough. Yes Tom WGR carries the Bisons games at night and during the day its WKBW. But they very seldom play during the day,even on Sundays they play nights mostly. Cant tell you whats the matter with them but they are lousy now and have been for several years back. Nothing to boast about. OK on stopping if you come through, as you know the new QRA is 325 Shirley Ave, in the Kensington district.

LEN KRUSE-DUBUQUE Ia Possibly my last report to NRC before my services with Uncle Sam which will be very soon and will be doing my bit before this is printed in the bulletin. Eariler in the year I planned on attending the annual convention but because of my draft statis and war in general it was impossible to come to Buffalo. No doubt all the fellows attending had a grant time. I hope sometime after the war I can attend one of the swell conventions but victory comes first. The only veries in the past 6 weeks was a letter from KWON signed by Gillett Ownby, C.E. who informs me that their frequency checks are from 2:30-3 AM EWT the 1st Tuesday of each month. Claude Harris the CE of WAOV sent me a verie for report of October 1941 (Me too Len-Ray) I plan on hitchickinh to Jim Wedew Wedewer's house very soon. I've been a member of the NRC for x shortly over 9 months and after that length of time can truthfully say its the outstanding DX Club in existance. (Thanks a lot Len) In closing this report I want to thank you one and all for the swell way I've been treated while being with the NRC. I will greatly appreciate hearing from any of you fellows when I get into the service. (Let us know your QRA when you get settled Len and it will be published in the bulletin. Hope you have all the success and good luck in the world, this comes from all of us)

LEO HERZ-CHICAGO ILL I wish to thank the ones that knew about me being in the hospital and wrote me the good wishes,especially the ones that called me from Buffalo by phone during the convention, I sure appreciated that 100%. I think Dick Cooper will make a very good chairman of the Board. Lets all give him and the other officers and Directors that were elected our 100% cooperation. Lets show the NRC Spirit. Leo Herz.
Retiring Chairman

ED SLATER-ALBANY N.Y. This is a long report,the summers DXing. Reports out to WAOV-WRLC-WTNJ-WHDH-WFCI-WBYN. Veries from WAOV-WTNJ both cards. Letters from WHDH-WFCI. No word from WBYN or WRLC. Heard WCBA-WCOU-WLNH WOW-WmFF-WJBK-WSNY which I wrote about and went on the air July 15th at 7AM to 12:05 MDT dailey-WKIP-WEIM. WAOV's test on the 18th of July was inaudible here due to local thundershowers. Heard WKIP for 1st time while in Kingston N.Y. (WKNY) during my visit there where I was conducted thru the xmiter facilities by Geo Jacobson, asst eng and at the studios by Marvin Seimes C.E. and Alex Heaston staff announcer. Their equiptment is completely RCA and they use 250 watts. Also visited WBRK in Pittsfield where I was entertained by Tom Russell,staff announcer formerly of WKNE. At the Xmtr was T Kelly who knew his stuff. Am planning to visit some stations in Baltimore and vicinity while on my vacation. I am experimenting with a 6 tube portable receiver for use on trains and country use where power is not available. This hasnt been a bad summer for me as I have logged over 40 new stations since April. well thats about all other than the fact that we are well liked down at WKNY where they put on a DX program for us not so long ago. (Yes Ed card arr OK but as their no bulletin during July it couldnt be given to the members-Ray)

GRANT LATSON-WESTFIELD N.Y. I regret that I couldnt be at the convention but my situation was such I couldnt get there. On May 31st a Son arrived and he was in a hospital 25 days with our worries in high but now he is fine and who knows (another DXer) So this is no time for BCB DXing for yours truly and being very busy have to contend myself with fiddling on SW early evenings. Veries received since last report are cards from WCBI-KFXJ-LRI and letters from WIAC (airmail)-WFIN-WKRO for Mar and April rpt. My SW notes in the SW section.

JIM WEDEWER-DYERSVILLE IA. After a long lapse between bulletins here I am again with a lengthy report of real DX. DX has been good at times during the past month. I received veries from WCAU-WJZ-WSOY-WmT-KIUP-KHmO-KGHF-WHA-WCAO-KRJF-KVOR-WHK-WqXR-WHKC-WTCN-WFAA-WKBW-WKBB-KFGq-WAKR WJHO-WBAA-KPOW-KHJ-KIT-WLW-W8XO-KOwH-WNEW-KLUF airmail-WABC-WJBO-KXEL-KFBI-KWLC-WDGY-WOWO-KFJB-WmFR-WORD-WWVA-WJJD-KGA-KGVO-WIZE-SUV-ZPA2-WIXSN-W5XAU and attractive ones from WEAF-WCAO-KRJF-WmmN-KGNC-WAOV-WCBI KTSm-KFBI-WBT-WRBL-WSOO-KRBm-KPFA-KmO-KWJJ-WOI-YV4RO. Total veries now 315 BCB and 93 SW. KPFA-KRBm-KGEZ-KGVO-KGIR on 7/22 giving election returns. KFPA-KRBm are copper cards and KRBm sent book called Shortys Saloon,also KWJJ said it was interesting to note that I heard them so far away in July and KTSm was received after 3 reports. They sent nice card and booklett on ElPaso. KRJF hrd 2nd Tuesday 3-4 and verified with green and white card after a reminder. Follow ups sent to several and about 1/3 of my veries. I have oodles of reports out yet. XEF-KCNF-WRUF-WAGA hrd hrd 7/28 AM. XEF signs at 6:30 with LaGolondrina, q4R9. Also new logged are WJWC-WASH-KDRO-WCPO-KXKX-WSOO-WmBH-KFAm-WSIX now on 980 kc, XEBG on till 4Am with request program. KOCA-WSLI-WCRS on tests 7/11. WORD-KLUF-KOCA-WSLI-WRBL all reported to. WRBL wants reports-they sign on at 5:55 Am. WAOV was out 7½ months. 7/23 WSOO test R9 at 2:30 asking for rpts. 7/26 KXKX-1590 Kansas City on for 1st day R9 here. WJBO enclosed a letter they got from a NZ DXer and W Goldson is a former NRC member he says and signs veries. KIUP operator is a fraternity brother of Norn Maguire and dedicated June check to him and NRC and I must have been the only NRCer to hear it. I have good luck DXing lately especially for West Coast. TPs put through carriers now and then and CmBY-qRms KmOX nightly. Al pleased to have received prize for SW contest and am sure glad I joined such a fine club and they must have had a swell convention even though many were not there. KXEL-1540 Waterloo Ia 5Okw on air since 5:30 AM CWT July 14th. Tested as early as June 17th. Slogan is Voice of Agriculture and verified promptly by letter with this dope. (Cont on next page)

JIM WEDEWER-Cont KAKX-1590 kcs seems to have replaced KITE. First noted on air July 26th Sunday signing off at 10:30 local time. Slogan is Kansas City's Newest Radio Station. Power given as 1kw. WJWC-1520 kcs at Hammond Ind and Chicago now on air with 5kw till 1:35 AM EWT with WHIP being off for good. KICD-1240 kcs Spencer Io not noted as yet but may be on as KWLC is too close to permit its being hrd here. WOC Davenport is due to change any day now to 1420 kcs with 5kw and said about July 15th but may have adjustments made by this time.

BOB BROWN-GOSHEN IND. Now to get around to DX. There were 4 veries waiting for me when I got home. W8YB-WFTL-WDNC had responded to followups & there was a welcome card from LRI. A few days later I got a swell letter airmail from TI5JJM. They had my report published in the leading San Jose papers and they sent me a clipping from one of them. A couple days later I got a letter from the mother of the owner. She said that she was born in Indiana and that her familys name was Johnson. Im trying through her son Emilio Martinez to get some action out of those Cubans or rather Costa Rican hold outs. Mine must have been their first report from this country from the fuss they made. On the 21st I got both a card and letter from 4ZB. Their station director said mine was their most distant report and also wanted to know where I got the unused NZ stamps and how 4ZBs signal compared to those from other Zedders. The 30th I got a card and booklet from HOK. The card definitely verifies but it has both calls on it (HOK-HP5K) and the call across the card in big print is HP5K(Darn it)

MORE SWL NOTES

Three cards have been received here since the last bulletin. One in red and silver, very attractive, is from Bob Brown, 721 S. 9th St., Goshen, Indiana. Another is in blue and black featuring W4F30, RSSL monitor station call letters, from Eleanor Grounds, now Mrs. Richard J. Winne, 1277 Central Ave., Albany, N. Y. The last was from Franklin M. Coryell, 2401 Coventry Road, Cleveland, Ohio, bearing the call W8VRC in red letters on a yellow card. He is president of the new Cuyahoga Valley Radio Club, the club for younger DXers in the Cleveland area. Sorry, Ray tells me Franklin is Vice President, not president. Sorry.

Don't forget to tell us of any DXers among your friends who are not members of the NRC, and who want to join one of the better DX Clubs. We are in a period when every new member means just that much longer your club is sure of getting your bulletins to you regularly. Please don't misunderstand us, we are financially very sound, but we are always looking for new members, so let us know of any good prospective members you may have in mind. Don't go and forget the deadline for the next bulletin. August 20, 1942. See you then.

All of which brings us back to the convention held on a couple of grand days between Williamsville and Buffalo. And for the benefit of the great majority of you members who weren't here, I'm going to try to review the gathering.

Let's start with our pleasant surprise in the person of Bob Brown of Goshen, Indiana, who arrived about a week early. We all had lots of fun showing Bob around the great city of Buffalo and getting him prepared for the convention. Friday night Ray returned from a little trip down to Cleveland and Akron, by way of Kittanning, and who should be with him on the return, but Dick Cooper. Anyway, Ray Dick and yours truly spent a good bit of Friday night in talking,but finally, after sending Ray home, Dick and I managed to get some sleep.

Saturday morning we had the pleasure of meeting Lefty Cooper, fresh out of Brooklyn, (Take that anyway you please) and Rog Legge, our ace Short Wave DXer. Both arrived by train. After a short lunch, we all drove out to the Kalmbach Estate in Williamsville. Here the crowd gathered. Among the crowd were seen the following faces, aside from those already mentioned: Carroll Seth, Ed Wyman, Al Bartholomew, Steve Mann, Jack Siringer, Fran Gmeiner, Bob Breymaier, Kenny and Florence Page, Ray and Kate Edge, George Burnett, Pat Reilley, Tom Carberry, John and Kay Kalmbach, and yours truly.

During the afternoon we had the pleasure of generally talking to each other about past experiences, future plans, and DX. We had the pleasure of looking at Rog Legge's 1941 veries, and they were really worth lookkng at. Sometime during the afternoon some of the boys slipped away for some reason or another. (BEER is the hinted reason) We missed Siringer, Bartholomew, Steve, and Carroll Seth. Of course, we couldn't be sure. Some of the rest of us visited the airport.

Our Saturday evening meal was enjoyed in a big way in a little restaurant in Kensington. We passed the ~~maxx~~ meals up from the counter downstairs, and generally tore the place up. This was the place of which Carroll speaks in his "pome", where Lefty liked the waitress. He also had some sort of conflict with the lavatory, but we have no details.

Back to John's for the evening meeting and the ballots. VanVoorhees as usual forgot something. This time it was the ballots, but they were soon obtained and the meeting went on in good order. Ray will take care of telling you about the official results. We enjoyed Cold Beer and Pop with sandwiches after and during the meting. We all looked at Al Bartholomew's veries including KOAC. Saw Ray's veries too. Al says that in future years everyone should bring their veries along. Funny, but no one had a verie from CYPRESS ISLAND (1150 Kcs). Wonder why???????

Some of the fellows went to church at 1:30, and the rest of us headed down to the "Hotel Marken" (Called the "Hotel Marked-Up" after the boys had checked out"-Dick Cooper-). Here we moved the furniture out on the balcony. At least Steve and Fran did. Also managed to build up a beautiful canopy on the sleeping Siringer. Screens, step ladders, bricks, bed spreads, all went to make up the canopy. Well, a good time was had by all, even Dick, sleepy though he was.

Back at the place at 166 Hewitt Lefty and yours truly managed to log WESX (No verie yet) and WNAC, just to prove it was a DX convention. The Cleveland gang went bowling Sunday morning, but the rest of us waited until Sunday afternoon. We all did get to LORENZO'S for the banquet, however. Good food, but most everyone felt that there could have been just a little bit more of everything. Here we had a goot bit of picture taking bu Ed Wyman and Dick Cooper. We have yet to see the results, but we're anxiously waiting.

After the banquet, we wandered over to Kenny's house to place a telephone call to Leo Herz. Finally Steve high-pressured the operator into putting the call through, and we all had a chance to say a few words to our retiring (in an official sense) Board Chairman.

To get on with the story, after leaving Kenny's place, we all went to a local bowling alley for a little three-team contest between the "Buffalo gang and Bob Brown", The "Cleveland Crowd", and the rest, going under the names of the "Mountain Boys". We could say ~~xxxx~~ something about Lefty not being much of a mountain boy, but we won't. Anyway, here are the scores.

Name	1st Game	2nd Game	3rd Game	Total	Average
BUFFALO					
Edge	168	146	147	461	154
Page	77	100	85	262	87
VanVoorhees	123	78	112	313	104
Brown	91	105	98	294	98
Total	459	429	442	1330	111
CLEVELAND					
Siringer	99	124	160	383	128
Mann	114	128	102	344	115
Gmeiner	116	86	104	306	102
Breymaier	117	106	88	311	104
Total	446	444	454	1344	112
MOUNTAIN BOYS					
Bartholomew	70	88	68	226	75
SETh	136	171	147	454	151
Dick Cooper	99	101	145	345	115
Ernie Cooper	140	143	133	426	139
Total	445	503	493	1441	120

So you can see that the "Mountain Boys" took the honors by winning the last two games, by winning on total score and by winning on the best average. After the bowling, the gang broke up, mostly going home. A few of us had dinner downtown together, but gradually as the evening wore away, everyone left, and Buffalo and Williamsville were quiet again. That's all folks, see you next year or next convention at any rate.

SHORT WAVE EDITORS CHAT PAGE

Just had a couple of things on my mind this bulletin. First of all to thank all for their cooperation in getting out a short wave section every bulletin. We are now, along ~~xxx~~ with the other DX clubs doing our best to help the FCC Shortwave Monitors. Rog is now working for the FCC, so we wish him all the luck in the world.

I also wanted to tell you fellows the reason we copy DX items from other clubs. The reason is this: All of you fellows do not belong to all of the other good clubs. We here at headquarters try to sort out the real DX news from the other club bulletins and pass it along to you. This gives you a chance to get a good part of the dope without having to belong to all clubs. But, ~~xxxxxx~~ remember that if an item is reported by our own member, there is no need to copy it from~~x~~ another club, so let's beat the other clubs to all the real first class news. The way to do that is to "Keep Listening and Reporting", so let's all do just that. I was glad to see those of you who were at the convention, and I'm very sorry that more of you weren't there, but we'll be looking for all of you next convention. The 1941 Contest final results are listed in this bulletin. We will list the 1942 standings in the next bulletin. We have only about four entrants so far, so get you list of 1942 veries in to me before next bulletin, if you wish to enter the 1942 contest. Deadline for the next bulletin will be Thursday, August 20th, so get your reports to me by then.

Although Jack Siringer took 2nd place he felt that with the CRC sponsoring the Foreign BCB Contest he should not be eligible for any prize in either of these contests. EDITED-by Fred Van Voorhees,Apt 204, 3415 The Paseo-Kansas City, Mo.

To start with your Editor at HQ in Buffalo advises that the DEADLINE for SW news to reach Fred will have to be changed to TUESDAY. Fred mailed this column on Thursday morning and it did not reach Club HQ until Saturday morning. It was not at the PO late Friday PM as I stopped off and inquired. That is also the reason for this bulletin being late as I did not mail it until Monday morning. I held it up as I didnt want to keep this column until 2 weeks from now when our next isses is published. I knew that there was a SW column on the way as if Fred wouldnt have had anything he would have written me to that effect. So remember its TUESDAY

From Your Editor

Remember fellows to convert your times to EWT when you send reports to me. I usually understand that,so do not change the times in your reports unless you state that they are for some other time. Guess that covers everything on my mind this time. The SW contest is still wide open. I'd like to have reports from a few of you who send SW matterings along with your BCB reports. Remember we have a special SW section and the only way it will remain among the best is to have support. How about it boys?

ART ROBB-TOPEKA KANSAS I have been doing some DXing recently with fair results. A number of stations were on during the AM of Nov 4th with election returns among which were KTFI-KIDO-KFBC-KRJF-KGCX. There have been quite a number of stations runing tests yesterday and this AM, hrd on 10th were WJMC-WICA-WAIR-KWOC-KELD-KOVO-WTA¢-WLBC-KCMC-WHBY-KTOK-KMAC-WMFR-KAND-KDLR-KOCY-KBTM. Hrd on 11th WBOW-WCOS-WCBI-KRIC-WIZE-KBST-WEOA WHBC-KWRC-KRMD-KNEL-WTAW-KPDN-WJBC-WDWS-KPLT-KGKY. I spent so much time tuning back and forth across the dial that I failed to record the time when these tested. Little mention was made as to details of the test periods but most of the stations solicited reports on reception and practically every one played the song about "On a Ferris Wheel". WDAF & WOW keep their xmitters on alnite which covers up their frequencies badly. I believe they are part of a communications system for defense purposes. WDAF announces occasionally during reg periods that special messages will be broadcast from time to time and requests listeners not to phone the station about them as such calls will jam the telephone lines.

CONTEST STANDINGS WILL APPEAR IN NEXT ISSUE. KENNY HAS HAD A SWELL JOB COMPUTING THE MILAGES BUT HAS A SYSTEM WORKED OUT WHICH WILL MAKE IT A LOT EASIER. REMEMBER SEND IN YOUR VERIE LIST EVERY WEEK.

Remember to listen in KXEL on Saturday mornings 1-1:15 AM and REPORT.

MORE BCB REPORTS

ESTEBAN MANN-HANOVER N H Yeah here is a report from me at last again.I have been listening but this is the 1st time I have had to report. TIBAS 655; TIX-605; TIPG-625; TIEP-825; OAX4A-854; HJCB-1105 all are squeezing thru evenings from 9-12 recently. ZNS-640 has a good signal too. XEML-1550 Apartado 291 Mexico City is R9 plus at MDT. XEOY-1000 Mex City R9 at 2AM s-off. CFCN-1010 also R9 at 2AM s-off; XESM-1470 often on alnite KJBS was R8 at 1AM s-off should be s-on the other AM. Now who are the weak stations on 660 (KFAR Steve) and 840 kcs? Dave Thomas is evidently wondering about 660 too. I think,amazing as it may seem,that one on 840 announced as South Africa,although it could have been my imagination. What Pacific coast station with Columbia network pro is on 740kc (KQW) By the time this is read I'll have had a good visit with Lefty Cooper since Nov 19-20-21-22 I'll be in NY City. (OK steve-dope on 18-13 later)

LEN KRUSE-DUBUQUE IOWA Iowa's newest station KICD had their 1st official test broadcast all AM 11/15 from 2AM EWT. Their signal came in fair but WJW caused some interference. The Voice of the Iowa Great Lakes is their slogan. KICD repeatedly asked for reports on their signal strength. The swell special from KBON came thru with flying colors even though WJBK did cause some QRM. As the program was made up of Marches I hope a number of eastern fans logged them. Did you log KBUR? Be on the alert for KWON & WHIT specials. Our thanks go out to KXEL for their 1st grand DX program for us and if any one missed them I feel sorry for them really I do. I wonder if Ernie Cooper was asked to rent a postoffice box for the bags of mail he must have received on the program. WLAY was hrd with freq ck on 11/14 with QRM from WNOE. Received swell verie from KICD signed by Hewitt D. Grotewahl, chief engineer.

As to Geo Deligianis,I received both card and list from him so believed it to be straight. All I know about it. Sorry about last week,fellows but I guess it was the Thnaksgiving Holiday that held my stuff up between here and Buffalo. Now lets keep the reports coming. This is the way to keep a section going.
