Your Short Wave Editor hopes that all of you had a Very Merry Xmas and that the New Year will bring you many more days of Happiness.

"YANKS IN THE RANKS"

LEO HERZ-FORT BRAGG N.C. Greetings from the hills of Carolina,Ft Bragg is my home now,I'm a member of a very famous Division,The 101st Airborne(Eagle Division) it was formed out of Sgt Yorks old Division. I am getting my basic training in the Glider outfit, a tough one which will carve its Niche into history of our Great Country.Our mascot is a big Bald Eagle. Like the Eagle we will fight like Heros when the time comes.

BOB BROWN-FT ROSECRANS CALIF I am not sending out cards this year and I hope this note will take their place. Merry Xmas to the whole gang. There isnt any radio news here. Thought I would escape the dental chair but the Army says no. Am listening to a radio for 1st time in weeks. Belongs to our Squad leader. Station hrd,its XEMO, more of their commercials,corny ones and they announce the call in Spanish.

HAROLD PFITZER-RT2C-CO J US NAVAL ARMORY-Ft of RANDOLPH ST-CHICAGO ILL. Since joining the Navy in October I have been in Ill,first at Great Lakes and since last Friday here at the Naval Armory. I had an enjoyable 9 day furlough at home then spent several weeks in the Outgoing Unit and finally came here, my stay should be about 1 month as I am taking a refresher course in Math. Grom here I'll go to 1 of 6 colleges for 3 months training and wind up either in Texas or Calif for the last 5 months. I would be very glad to hear from any of the boys. I will say hello to them via the bulletin. (OK Harold now that we have your QRA the boys should write)

ARTHUR ROBB-????? I got home about a week ago having spent 30 days at Hutchinson and Vicinity. Have been one of the Yanks IN THE RANKS by being inducted, am on a 7 day furlough. Will probably move from there upon my return. Will let you know my QRA as soon as I can. To Norm Maguire-Cant help you on verie signer of KFDA, dont have they verified myself.

GILL HARRIS REPORTS THE YANKEE NETWORK HAS BEEN SOLD TO GENERAL TIRE CO.

SHORT WAVE CONTEST STANDINGS 1942 CONTEST

		POINTS
Jim Wedewer	- XECC-SBT-CFCX-Radio Congo Belge	64
Roger Legge	- TIEP-Radio Congo Belge	47
Bud Kopp	- VLG-6 YV5RN-CJCX-COK	35
Grant Batson	-	27

Stations listed are veries received since the first bulletin in December. And there will be no 1943 Short Wave Contest,since there is very little chance of getting veries. The U.S. Censors are not in favor, so your editor believes he is safe in saying that it will be impossible to run a contest. Comment will still be appreciated however. Fred.

WILLIAM H. STONE-SOMEWHERE IN ENGLAND. Well Hello Boys. The weather is bad and has been for past week,so far we cant kick. Everything going along fine. CKWS is a new one alright,it certainly was not there when Willie got the idea of coming over here,of course a lot can happen in two years. Glad to hear that the club is going along in fine shape. I get the DX NEWS here regularly and can count on one nearly every convoy, I like keeping in touch with the boys,also am able to see what I am missing. Boy will I have some dandies to go after when this is over with. Say Ray I see you are in the contest,you better stay away from the classy DXers though,if your going into competition as you did last year, Page sure made you look sick. (OK Bill but right now I'm on top,Page is coming)

SHORT WAVING AROUND

Bud Kopp,RR 1, Martin Ave., Rockford,Ill and Joe Enz,286 Central Ave., Brooklyn,N.Y. both swap SWL cards 100% and would like to have the cards of all their fellow members. How about it? To Jim Wedewer-Bud Kopp would like to know how long it took to get your SBT verie?

Just a reminder to all you fellows in the 1942 contest, that points are granted for 1942 reception. Not for veries received in 1942 for 1941 reception. Hope you are all checking this on your entries.

Jim Wedewer wonders if any of the members are interested in CW transmission. He has heard FYMZ in Croix d'Hinds,France, LS1-LSZ-ZFC-DLC-HKO3 and others. Jim reports that he has been practicing copying code, and I can add that your editor has also been doing a bit of code copying lately. 20 words a minute mow. Still have further to go to get up to the requirements set up for us out here. Well thats that for this week. 73s Fred.

BCB REPORTS

FRED VAN VOORHEES-KANSAS CITY MO Did a little more DXing this past week than for quite some time before. Reports to XEG-WBAL on early AM reception and to KFNF-KMMJ for daytime reception. Helped the Hetro a lot by tuning the set myself. Increased volumn a good bit. WDAF carrier is still on all night every day but Sunday. Only 2 veries,but both were long overdue,so very welcome,swell card from KCKN and a card from XEAW,one I had really given up for lost.

THOMAS G GREY-CORPUS CHRISTI,TEX ART2C Hi-Gang,Bulletins coming in regularly,Thx I have a new rating, Aviation Radio Technician 2nd Class. Same pay tho-Hi. Guess I'll be here 6 weeks then who knows where. (OK Tommy)

Well boys thats all for this week. Might mention that for those of you that might not know it, the Chilean SW stations are now using the perfix "CE". All CB and CC calls are now changed to "CE" but the numerals remain the same. If any of you have any lists of Airline radio call letters and frequencies of Aeronautical Radio Inc except American Air-lines, your editor would appreciate such a list.

Look out boys your SW editor is going for SW. He will be reporting ????

Could any one in the club tell me about stations being heard from 90 kc to 600 kc? In a few days I will have here a RME-LF-90 low frequency expander,also a National hetrofil that will cut out intergering signal. Like a aviation station that talkks and has an audio beat note at the same time. I will try this hetrofil on the short wave bands some week end.
Any one who can supply this info write to Gill Harris-215 E Main St. North Adams,Mass., or send it to the club and it will be forwarded.

This is the regular contest edition,but lack of time this morning has prevented me from getting the contest material together,so it will appear next week. Fred.

MORE BCB REPORTS

FRED VAN VOORHEES-KANSAS CITY MO. Veries in since last week have been KWON-WJW-WBAL-KFUN-KTAR after 2 follow ups. KTAR incidentally is my 1st Arizona station. I now lack Nevada to complete the 48. Reports to WJLD on 1/30 and WCBT on special 2/2. WCBT was more or less under WLVA during the time I listened. Overslept on WTCM this AM. My lists still show XEOH on 600; Paris on 1456 is only TA listed near 1460, This is for Kermit Geary; TO Bob Botzum. Mo completed, Kans still to get.

FRANK JOHNSON-PITTSFIELD N.H. Will here's my 1st report for the bulletin. I am using a 6 tube Philco,using bed springs for an aerial. Reception has been rather poor here most of Jan,due to so much cloudy weather. Veries in for past month are KABR-KFPY-KFWB-ZNS-CHML-WORD-WGES-WROL-WOLF WGBG. Reports to WATL-CKCW-CFCY-WLAY-WEBC-WINX-CBJ-WAKR-CKCO-WCBA-WSLS-WKBN-CFPL-WBIG. How can I get a verie out of WJHP? and what times does WDOD sign on. Any help will be appreciated on these two.

FRANK SUSORENY-????. Will I'm in the Army now. Joined the Army Air Corps. Will take a course in Meteorology. No definite QRA right now. In late weeks have done very little DX.School and other activities didnt permit it. Only veries since last report are from WCAZ-WFLA-WHBU-WLBC-WSM-KMJ-WEAF-KRJF-WADC-CBJ. Some reports still out. As I enter service my log shows 535 veries but still lacking Idaho for all states.

HAROLD PFITZER-CO 21-B Sec 7 Bldg 4-NAVAL TRAINING SCHOOL-COLLEGE STA I am finally settled for the next few months,I hope. Arrived Friday night and have been getting acquainted with the surroundings. School starts in the morning and the course looks like it will take up all of our time. No doubt correspondance will suffer more with this move. Station KTBC is wanted by Mrs Lyndon Johnson wife of Rep Johnson-Austin Texas has posted cash to purchase it. Nothing definite yet. Scripps-Howard Radio Co also wants it. along with several others. Had a swell 12 day furlough just before coming here. Passed thru Kansas City,Mo and would have liked to have seen Fred Van Voorhees but we were not permitted to leave the rail road yards even thou we were there for 3 hours.

BOB BROWN-FORT ROSECRANS CALIF There isnt any news except that WASH-WOOD have all new facilities with 5KW, with NBC-BLUE and Michigan State Network programs. Transmitter is all new. This info from a sister there. Maybe the boys can get WASH now and not only WOOD. Nothing else but Mexs.

It has come to the attention of your Editor at CLUB HQ that veries are being counted for reports of 1941 reception. Please remember that in this 1942 contest ONLY VERIES RECEIVED FROM REPORTS SENT OUT IN 1942 ARE ELIGIBLE. It will be appreciated that all you members in the 1942 SW CONTEST recheck your veries & all those received for 1941 reports be withdrawn from this contest. It is regretted if some of your 1941 reports took until late 1942 or early 1943 to return but this is against the rules adopted by the Board of Directors. All members accepted the Rules so we must all abide in them. If it becomes known to your CONTEST MANAGER that any verie is being entered in the 1942 SW CONTEST for a report of reception in 1941 he shall be required by RULES to toss it out. So please recheck your entrees.

N.R.C. Editor-Ray Edge.

COME ON BOYS HOW ABOUT BETTER S-W REPORTS AND MORE OF THEM. LETS GO.

I am happy to state that I passed all my exams and now hold a First Telephone and Second Telegraph licenses,so I am licensed to operate any Radio Station in this country. (Well Fred you can be sure that you have the best wishes for success from the entire membership, lets know of your doings-Ray)

THOMAS G GREY ART2C-N.A.T.T.C.-WARD ISLAND BARRACKS #5-CORPUS CHRISTI TEX

Just a note to say that the bulletins are arriving quite on schedule. I get quite a kick out of them especially reading the comments of our brother Gobs-Soldiers or Mariens (God Bless The Sailors)-Hi. Please note another slight change in my QRA. I am now an instructor down here. So I'm housed in the same barracks as the rest of the Training Division or in the Instructors Company. The job is swell and right up my alley. I write to a number of the boys. Some of them write me letters and I owe some of them letters. But am quite busy with instructors schedule and it may take some time to catch up. Tnx for everything and 73s to all. (Well Tommy I know how it is to get caught up as I am about in the same boat here with the bulletin but I think that all will wait and lets hope they write you)

DON REYNOLDS-NEWBURGH N.Y. I finally found time to send a report to good ond NRC. I must admit that I have been quite inactive in the DX game this past season but conditions have been mush different from those 8-10 years ago. While on the subject here is what I have to offer for veries received a few years back/ Europeans verified includsPoste Parisienne-Radio Normandy-Leipzig-Stuttgart-Frankfort-Strasbourg-Lyons la Duoa-Lille-Paris Ptt-Rennes-Bordeaux-Eiffel Tower-Vienna-Prague-Milan-Rome-Turin-Budapest-Bucharest-Brussels 1&2-Monte Ceneri-Riga-Copenhagen-The only one from Africa was Rabat,Morocco. From South America veries came from LRl-LR3-LR4-LR5-LS2-CP4-CX26-YV5RA-YV5RG-PRE8-PRF3-LRA. From down under came 1YA-3YA-4YA-3LO-2CO,a few others of note were HCK-HIX-HHK-TGW-ZNS-VONF-KGMB-XEDW-TIEP-EAJ1-EAJ7 and many Cubans and Mexicans. Most of these were received between 1933 and 1937 when I was very active and the veries came in as many as ten a day with 5 or 6 from foreign stations. Them was the days Hi. I hope this war mess is over the DXers can once again enjoy such pleasures. How many of our members keep a log on the Police stations? On 2 bands from 1610-1730 and 2366-2490kc. I have heard 136 stations in 31 states,DC and Quebec without half trying. Best states hrd are Wyoming-Calif-Texas-Kansas-Iowa. Lists of these stations may be gound in White's Radio Log (15¢) or Stevenson's Radio Bulletin (25¢) on sale at larger newstands. I would enjoy hearing from anyone interested in these stations. Had my 1st physical last week but as yet I havent hrd from them. All of us old married men will probably be in there soon--the sooner the better if it will bring the war to a quick finish. Contrats to the boys on the CPC. They certainly did a swell job under handicap. I diant get any reports out this year but I did send out some tnx cards. With CPC like ours the NRC will be on top.

Well boys thats all, maybe with the summer coming on and the BCB DXing not so good a few of our BCB DXers might come in and send a few reports on the SW bands. Remember you may be helping your Government by sending in what you are hearing. We want to also thank our few SW reporters who have been regular contributors to this column, and a lot of thanks to Fred Van Voorhees who done such a swell job of Editing this column. It is with regret that he has to give it up because of work but after all his job comes first. I am sure that he will make a swell Radio operator and may he become one of our best.

To Jim Wedewer;- If you are still interested in the SW column and are in a position to Still Edit same drop me a line. I know you prepared to take it over some time ago if Fred couldnt have kept it up. I will be looking for word from you. Ray.

Bud Kopp says that he intends to win the SW contest. Has reports out to SBT-HER4-2PA2-F2l-CSW7-VLG3-VLW6-VLG2-TPZ2-CNR-TAP-2NR-CR6RC-HER3-VLG. which will net him 80 points but only expects about 80 SAs not to answer. Well lets hope that Bud gets all of them back.

Here at Club HQ we have had a couple SWL cards from a couple of our members that we had expected to acknowledge several times in the past but just never found room. However they are from Ivor Sutherland-30 Corte Madera Ave-Mill Valley, Calif and from Tom Morrison-1674 Crawford Road Cleveland,Ohio. Both ask for QSLs and will answer 100%. What say boys.

NOTICE SEND YOUR S.W. REPORTS TO JIM WEDEWER-1619 MASS AVE. N.W.NOTICE WASHINGTON,D.C. BY APRIL 20th. HE IS OUR NEW S.W. EDITOR. BACK HIM UP.

Edited by James Wedewer, 1619 Massachusetts Ave., N.W. Washington, D.C.

There were no reports received as yet fron any other members but I hope that this will not be the case the next time. Remember,the deadline for Short Wave reports is Tuesday, May 11th. (A word from your Editor at HQ, it will appreciated if you fellows will report to Jim Wedewer direct as by doing that it helps me a lot. He is our new SW reporter and from the looks of this section this week he is going to be a real good one. So its up to you fellows to support him. Come on boys lets go and send all your reports DIRECT to Jim in Washington,D.C. at 1619 Massachusetts Ave., N.W.

Here are the latest standings in the 1942 Short Wave Contest.

Jim Wedewer	66 Points	A verie from #Radio Congo Belge" for 1942 reception being recently added,also Radio Guadeloupe.
Roger Legge	36 Points	Latest addition WNBI.
Bud Kopp	36 Points	Latest addition WEBI.
Grant Batson	27 Points.	

Please send in your latest lists so that I can bring my records up to date. Remember only veries for 1942 reception are to be counted. Jim.

Your shortwave editor has just received a postcard from our old friend Leo Herz from down at Fort Bragg,N.C. If he can get up to Washington, Leo we will be very glad to have a visit from you. A card was also received from Len Kruse out at Des Moines,Ia. Dont worry fellows I will answer your letters shortly whenever I get a change to, Jim.

Gil Harris is now using a Hallicrafters Frequency Standard HT-7 and that they have more snow in N Adams now that it looks as if it will be winter right through.

An SWL card has been received from Marshall Blanchard-4025 Prairie Ave Brookfield,Ill. He says that he will QSL and asks you to do the same.

REPORTS FOR NEXT BULLETIN SHOULD REACH ME BY TUESDAY JUNE 15 1943 (OVER)

TO JACK GARDNER-The only 19 meter station carrying the "Radio Orange" program which you reported several weeks ago is GRD-London on 15450 kcs This is the only program by that name and this is probably the station you heard at 2PM. Jack reports hearing Moscow on 9860 kcs and FZI-HH3W, Belgian Congo-HHBM-CXA19-CXA14- and CE1180.

TO GIL HARRIS-The station on 8990 kcs is probably COKG which often operates here in the evenings although it is usually on 8955 kcs. The station on aproximately 7550 kcs could be WDJ,New York on 7565 kcs which operates to Latin America at that time. The station on 7005 kcs is CUM in the Azores which uses the multi-note interval signal when calling CUY in Lisbon. (Ed)

Following are the latest Stockholm (Motala) scheaules.

9-10PM on 11705 and 15155 kcs.
Sundays;- 4-10PM on 11705 & 15155 kcs 11AM-5:15PM on 15155 kcs to
9-10PM on 11705 & 15155 kcs 2:15PM; 9535 kcs from 2:30PM
These from the URDXC Bulletin. and on 11705 kcs.

Several reports were received this time and it looks as if we will be able to have a fairly good shortwave section this summer. A letter was received from a new member, Harold Howard,7 North Seltzer St., Wapakoneta, Ohio who will probably send us some reports in the future. Harold is a former BCB DXer and reports hearing PBL8 in Brazil very well. We would appreciate any reports on your SW DXing Harold. We also will be looking for some SW reports from some of our other BCB members who can tune in SW when the BCB is noisy. You will be doing your country a favor as they are looking for reports on Short Wave reception from all over.

Remember the deadline for next bulletin is June 15 1943. Lots a reports.

37500	WKQ0	Buffalo,N.Y. A new F-M transmitter of the Bflo Police Dept now operating. Uses 250 watts and is located atop the City Hall on the 31st Floor. At present not too many calls going out over this xmitter as they only have a C-P. License will be granted very soon as all xmitting equiptment is already installed and working. This will not replace our regular AM xmitter on 2422 kcs WMJ but will work in conjunction with it. All new instlations in our cars will be FM so both frequencies will be used. Veries will be easily obtained as calls that are xmitted to cars equipted with the FM will not go out over WMJ. Some of you boys who have receivers that take in that freq try to hear us and report, also try to hear our cars which xmit to us on both 30580 kcs and on FM on 37220 kcs. The former is on AM. (Ray Edge-Buffalo N.Y.)

As forseen reports during the summer months dwindle down quite a bit. Gil Harris has been the most regular reporter to this section and I hope he will continue reporting this summer. The high-frequencies are opening up now with many new stations taking to the air and there should be plenty of DX on the shortwaves/

These results are assumed to be final as no reports of any verifications have been received in the past 2 months.

There still seems to be a shortage of shortwave reporters although Gil Harris is still coming through with regularity and a new reporter had entered the shortwave section this month,Don Wattenbarger of Mill Valley, Calif. It is not often that we get reports from West Coast listeners and it is hoped that he will continue to send in the results of his DXing.

Evening reception of Europeans is fairly good this summer in comparison with the past 2 years. The reception of Asiatica is infrequent out here in the East at this phase of reception.

THE NEXT BULLETIN IS AUGUST 14th. PLEASE HAVE YOUR REPORTS TO ME BY 8/10.

MORE BCB NEWS

Norm Maguire wants to know who signed your WHMA verie, Bill Gabriel? Dick Cooper says to mail your reports to Mr Roy L Gallagher of WKPA and they will get prompt attention. Test about every 3 mos but no set time. I have some info for Lefty Cooper from Dave Thomas and I will mail it.

I have a couple other items but not important so left them out as I did not feel that another half page full was saving. i side and ½ would be MTY.

P.S. YDA cannot be heard at anytime in Washington-Wedewer)

Well now that summer is practically gone and the days are getting shorter I am going to be very much disappointed if our list of short wave reporters does not increase by several members,regulars. Gil Harris reported several items despite being gone on a vacation to Vermont and Roger Legge also being gone on vacation,the reports received were scanty. Reception is improving gradually in the afternoons now as noted in the short wave notes. So its up to you boys,lets have a swell section starting with the next issue and keep it up from now on. Jim Wedewer.

NOTE;- Roy Christoph--Please send your address so I can answer your questions-Jim. (Roy L. Christoph-460 East 18th St., Erie, Penn.)

NOTE;- VLG6-15230 kcs will carry a program nightly beginning August 31st from 10PM to 11:15PM; VLG4-11840 kcs will carry it from 11:15PM to 1:10AM. NEXT BULLETIN SEPT 18th. REPORTS IN TO ME BY SEPTEMBER 14th. NO LATER.

Well just as Ray had about given up hope for my arrival I popped in at his place. It was certainly unfortunate that I did not arrive a day sooner to get in on the gathering here. The trip through Quebec and Ontario was very pleasant and I only wish it could have been longer. I saw the studios of CBV in Chateau Frontenac in Quebec and noticed the CKCV building also.

I am very occupied here looking over Ray's hundreds of veries, some of which I have been trying for years to hear like CKPC, WBTA, CFCO, and others in this district. It certainly has put the DX bug back into me after seeing these veries. As soon as Ray and I can manage we will trot off to Niagara Falls for my first look at them, something which I have always wanted to do. If they are all they say they are I won't be surprised in the least. Some of the other places I have visited in the past week were Ste. Anne de Beaupre, Montmorency Falls, Quebec, Trois Rivieres, Montreal, Toronto, Hamilton. Tomorrow I will be getting back to Washington and back to DXing which certainly should open up this month with the advent of cooler weather. Till then, 73s, Jim

Tom Jones reports very poor conditions and fading out periods at times which is just the case in Washington. Conditions are the worst in years.

It is hoped by your Buffalo Editor (stencil cutter for the SW section) that this issue will not contain so many errors as did last weeks issue. Changing the deadline to Monday is a big help as Jim sent his section a day earlier and I had a little more time as did he. I added (Bflo) some reports found in the NNRC bulletin hiping that it would give you fellows a little more info. However we hope that there will be plenty of our own reporters back with us steady from now on. DEADLINE for next issue is October 11th and every MONDAY thereafter, That is to have all your info into Jim Wedewer by Mondays. Please cooperate and it is believed that we will have a SW section that we can all be proud of. Thanks, Ray Edge.

IMPORTANT NOTICE

Jim Wedewer reports that he is no longer able to edit the Short Wave column due to the nature of his work. It is with regret that we break this news to you but we can thank Jim for the swell job he has done in the past. Until other arrangements are made please send your Short Wave reports direct to Club HQ here in Buffalo, 15, N.Y. and be sure to use that number 15 in the address. It would also be appreciated if you members would use the same system in sending in your reports as they appear in this issue, by frequencies and in their proper order, it also would be appreciated if you would leave a space between freqiencies, so that they will be easily seperated from one another. TUESDAYS will be the DEADLINE for reports. All reaching here on that day will be included in the bulletin that is mailed the following Saturday. REMEMBER the ADDRESS 325 Shirley Ave., Buffalo, 15, N.Y. Reports will be appreciated and I hope that many of you will take time out let the others know just what you are hearing and when. PLEASE try to be accurate as to freq and time. Your Editor here at Buffalo is not acquainted with the SW end of DXing so any errors you make cannot be corrected by me as I wouldnt know what was right or wrong. I have an idea in mind and if it will work or not has to be seen. I would gladly take on this extra work permenantly if it were not for the work that has to be done around the home and of course the family must be considered as they cannot be left alone always. But no matter which way it goes you can be sure that your SW COLUMN WILL APPEAR as long as you report. So come on boys, show us those reports. Just one more note. It would be appreciated if your SW members would glance through the entire bulletin as there are times that some item will pop up at the last minute and we have to find some place other than the SW section for it. It may not always pertain to SW but may be some item about your club etc. So look your entire bulletin over.

PLEASE-PLEASE SEND IN YOUR SHORT WAVE REPORTS AS THEY APPEAR IN THE BULLETIN, THAT IS 1st THE FREQ, THEN CALL AND THEN THE REMARKS. BY DOING THIS YOU WILL SAVE ME A CONSIDERABLE AMOUNT OF TIME, WHICH MEANS A LOT TO YOUR EDITOR NOW THAT HE IS EDITING BOTH SECTIONS. PLEASE REMEMBER IT TAKES TIME TO GET YOUR REPORTS IN THE PROPER ORDER ACCORDING TO FREQUENCY AND IF YOU WILL SEND IN YOUR REPORTS AS ASKED THEN I AM SURE THAT ALL WILL WORK OUT TO THE SATISFACTION OF US ALL. IT MAY TAKE YOU A LITTLE LONGER TO MAKE UP YOUR REPORT BUT PLEASE THINK OF THE TIME IT WILL SAVE YOUR EDITOR. AND AS SUGGESTED BEFORE LEAVE A SPACE BETWEEN EACH ITEM.

THANKS A LOT Ray (Pop) Edye

Your Editor-NRC.

As published in another part of this bulletin, report forms are for sale at Club Headquarters at 75¢ a 100. Letter heads 65¢ a 100 POSTPAID. I know that as far as reporting to stations on SW, it is unlikly. At this price your name and address will not be printed, but it can be typed or written under the space where "PLEASE REPLY TO" is printed.

So come on Boys lets have some more swell SW reports by NOV 2nd.

WKRD-New York City announces that on Sunday 10/31 it will use the 26 meter band in addition to the 19-23-25 meter band. (Prendergast) Also that this monitor has been busy erecting a mast for a double-doublet antenna, the antenna is practically completed,needing only about 75 ft of twisted leadin wire. It is hoped that this new system will add several new stations,now unable to be heard. (Prendergast)

Well boys what happened to the short wave information this week. It doenst look very promising. By the way where is Tom Jones, his reports are being missed. What say Tom? Also you other SW Listeners, lets make a real column out of this. Remember all reports received here by Tuesday November 9th will be in the November 13th issue, so let them come-Ray.

Jim Shupe 2040 Rustic Ave-Dayton,Ohio would like to know where he can get a good BCB RECIEVER. Any of your friends have one for sale? Do you have one for sale? If you posses any info on a BCB receiver please drop Jim a line at the above QRA.

Well Boys you did a lot better this issue. Lets keep up as good as we can. I know that we are most all working long hours and all that and we sometimes dont feel like DXing. But when ever you can listen in and send your report so that it reaches me by Tuesdays, Thanks, Ray.

NOTICE NOTICE NOTICE

All you DXers please read the item about reporting to station WRRF on Dec 14th on 930 kcs from 4:30 to 5:00 AM EWT. This station has offered a prize of $5.00 to the DXer who reports from the greatest distance. So maybe it would be your worth while to tune in and maybe your report will be from the greatest diatance, even you SW DXers, $5.00 isnt to be overlooked even in these good times.

Remember listen in if possible and report often as possible, so lets go.

Charles S Sutton-Short Wave conditions are only fair and very erratic, has not improved much. Its really a job to pull in any extreem DX.

Gilbert L. Harris-Reception getting better here,pulled in Radio Prahova on 11-30-43 and again at 10AM.

OK Boys, lets hope that SW conditions improve so that our SW section will also improve. BCB has been getting a little better but there still is some noise, which isnt as bad as it was so maybe SW will improve too.

EDWARD PRENDERGAST-ALBERTSON N.Y. This "Monitor" is pleased to present a complete list of stations and frequencies,as used by Press Wireless Inc. It is perhaps,the use of these stations by the various Broadcasting chains in their efforts to reach the entire world with American Programs, either broadcasting in the English language or the language for which country the broadcast is intended, that has resulted in the confusing of our Monitors into believeing that they were hearing unlisted FOREIGN STATIONS,while in truth,it may have been a BEAMED AMERICAN BROADCAST, which can at times behave very much like a broadcast signal originating several thousand miles away.

It is hoped that Monitors will take advantage of this list,since these stations are CRYSTAL CONTROLLED and accurate in frequency,to check over these frequencies,thus avoiding such reports as, Unidentified Russian or unidentified so and so heard on such and such frequency,as it may be one of the above transmitters. A report without the station call letters or at least its location has no value,since no other Monitor knows just what to listen for. by Edward Prendergast.

It is the Sincere wish of a VERY MERRY CHRISTMAS and HAPPY NEW YEAR to the Newark News Radio Club-Victory Radio Club & Universal Radio DX Club from NRC.

****

Please remember your next issue of "DX NEWS" will not be mailed until Dec 27th. This caused by Xmas falling on Saturday our regular mailing day. New Years also falls on Saturday so the first issue in Jan will be mailed Jan 3. Your Editor will be working days Xmas week and is having Xmas Day and Sunday off so he will just forget DX NEWS for those couple days.

MORE BCB's

JOE BECKER-HAMILTON O Have reports out to WAAC-WEGO-KODY-WKNY-WOSH-WCBI WRRF and no veries. WAAC-WEGO-KODY are new ones, perhaps I heard KFMB I wrote them anyway perhaps I may be all wet but there is no harm trying.

BILL GABRIEL-LAKEWOOD O KTW was Q1 R2 here heard total of 5 minutes.

MEMBERS SERVICE FUND

Donations of Joe Becker 5th time and of Eric Bristow 3rd time of a $1 each brings our fund up to a total of $26.45. as of December 27 1943.

Remember we have 600 report forms left for sale at .75¢ per 100 postpaid. and 1600 letter heads at .65¢ per 100 postpaid. Dick Cooper printed these up and the profits go into our Service Fund. Your return QRA does not appear but there is a place printed REPLY TO. You just type or write your name and address under this. To put your name in would require a lot more work and of course the cost would be greater. Remember there are only 600 report forms left and the first come, first served. Any order received is mailed not later than one day after order received.

Well Boys that cleans up everything here. Look at your DX Calendar as if no dope is here next issue will be Jan 5th and then Jan 15th. If this is done 3 issues will be published in April. All depends on dope in Jan 3
